tbp57 – Omaggio a Scarlatti (Sonata)
original composition – travelsbypiano (2001)

The musical score is presented in a system of two staves, with measures 21 through 40. The notation includes various musical symbols such as notes, rests, and dynamic markings. The score is divided into four systems, each containing two staves. The first system (measures 21-24) shows a treble staff with chords and a bass staff with a continuous eighth-note pattern. The second system (measures 25-28) continues the eighth-note pattern in the bass staff, with a treble staff featuring more complex rhythmic figures. The third system (measures 29-32) introduces a long, sustained chord in the bass staff, while the treble staff continues its rhythmic development. The fourth system (measures 33-36) shows a return to a more active bass staff with eighth notes. The fifth system (measures 37-40) concludes with a final chord in the treble staff and a continuation of the eighth-note pattern in the bass staff. The score is written in a key signature of one flat (B-flat) and a 2/4 time signature.

tbp57 – Omaggio a Scarlatti (Sonata)
original composition – travelsbypiano (2001)

The musical score is presented in five systems, each containing two staves. The measures are numbered as follows:

- System 1: Measures 41, 42, 43, 44.
- System 2: Measures 45, 46, 47, 48.
- System 3: Measures 49, 50, 51, 52.
- System 4: Measures 53, 54, 55, 56.
- System 5: Measures 57, 113, 114.

The notation includes various musical symbols such as chords, eighth notes, and sixteenth notes. A repeat sign is visible at the beginning of measure 57. The score concludes with a final chord in measure 114.

tbp57 – Omaggio a Scarlatti (Sonata)
original composition – travelsbypiano (2001)

This musical score is for a piece titled "tbp57 – Omaggio a Scarlatti (Sonata)" by travelsbypiano (2001). The score is written for two staves, likely piano and a second instrument, in a key with three sharps (F#, C#, G#). The piece is divided into measures, with measure numbers 115 through 134 indicated at the start of each system. The notation includes various musical symbols such as notes, rests, and bar lines. The score is presented in a clean, black-and-white format.

The image displays a musical score for a piece titled 'tbp57 – Omaggio a Scarlatti (Sonata)'. The score is written for two staves, likely representing the right and left hands of a piano. The notation includes various musical symbols such as notes, rests, and bar lines. The score is divided into measures, with measure numbers 135 through 154 indicated at the top of each system. The key signature is one sharp (F#), and the time signature is 4/4. The music features a mix of eighth and sixteenth notes, often beamed together, and some measures contain chords. The overall style is a contemporary interpretation of a sonata, paying homage to Domenico Scarlatti.

171 172 173 174

The image displays a musical score for a piece titled "tbp57 – Omaggio a Scarlatti (Sonata)" by travelsbypiano (2001). The score is written for two staves, likely representing the right and left hands of a piano. It consists of 174 measures, grouped into four systems of four measures each. The notation includes various musical symbols such as notes, rests, and dynamic markings. The key signature is one sharp (F#), and the time signature is 4/4. The score features a variety of musical textures, including single-note passages, chords, and more complex rhythmic patterns. The first system (measures 155-158) shows a right-hand melody with eighth notes and a left-hand accompaniment of chords. The second system (measures 159-162) continues the right-hand melody with a more active left-hand part. The third system (measures 163-166) features a right-hand melody with a more complex rhythmic pattern and a left-hand accompaniment of chords. The fourth system (measures 167-170) shows a right-hand melody with a more complex rhythmic pattern and a left-hand accompaniment of chords. The fifth system (measures 171-174) features a right-hand melody with a more complex rhythmic pattern and a left-hand accompaniment of chords. The score concludes with a final chord in measure 174.

The image displays a musical score for a piece titled "tbp57 – Omaggio a Scarlatti (Sonata)". The score is written for two staves, likely representing the right and left hands of a piano. It is divided into measures, with measure numbers 175 through 194 indicated at the beginning of each system. The notation includes various musical symbols such as notes, rests, and accidentals. The key signature is one flat (B-flat), and the time signature is 4/4. The score is presented in a clean, black-and-white format, typical of a printed musical manuscript. The first system (measures 175-178) shows a right-hand melody with eighth-note patterns and a left-hand accompaniment of chords and single notes. The second system (measures 179-182) continues the right-hand melody with a more complex rhythmic pattern and a left-hand accompaniment of chords. The third system (measures 183-186) features a right-hand melody with a mix of eighth and sixteenth notes and a left-hand accompaniment of chords. The fourth system (measures 187-190) shows a right-hand melody with a mix of eighth and sixteenth notes and a left-hand accompaniment of chords. The fifth system (measures 191-194) continues the right-hand melody with a mix of eighth and sixteenth notes and a left-hand accompaniment of chords.

195 196 197 198

199 200

Detailed description: This block contains musical notation for measures 195 through 200. Measures 195-198 are shown in a single system with two staves. The upper staff features a series of chords, many with grace notes, and some triplets. The lower staff contains eighth-note patterns, some beamed in groups of four. Measures 199 and 200 are shown in a separate system. Measure 199 has a descending eighth-note line in the upper staff and a single eighth note in the lower staff. Measure 200 features a half note in the upper staff and a quarter note in the lower staff, both with grace notes. The system concludes with a double bar line.

How To Read This Score

This score was not produced in the “proper” way, that is with a music typeset program, so it won’t **look** as **good** as it could (should?) be. Still, it is **sufficient and correct**, meaning it carries all the necessary information to be read and played as any other, and has been quality-checked to the best of my efforts.

The following notes are a few tips for readers accustomed to beautiful typesetting, to help them cope with the quirks they are more likely to notice, and to make them realize that maybe a score like this is not as deviant as they think after all.

Now, on to the tips.

Staves

Being a piano score, notes run as usual on two staves. Occasionally they may expand to three or even four staves if necessary. However, staves are not visually united by the customary { sign. There is only more white space to visually separate lines.

Key signature

Alterations (b, #) and clefs are noted with the usual symbols. However they will be noted only at the beginning of the first line without repeating them at the beginning of the following lines. Only when the clef or an alteration **changes**, it will be noted. It’s easier to understand if you think of a score that runs on one single line from start to finish, for which you would need a veeeeeeeeery long (and narrow) page to print out, that is instead clipped in many pieces – of about 4 bars each – and pasted on a customary A4-page.

Bar reset

At every bar change, all alteration changes from the key signature are implicitly reset.
signs are only noted within the same bar and in the same stave.

Time signatures

They are noted in the usual way. Sometimes the signature is in “alla breve” to improve readability. I usually note metronome indications too, although occasionally in a fancy way. For example for a piece in 6/8 it is customary to note metronome indication with 3/8 as basis. Most of the time I use 1/8 as basis instead: to get your usual base just divide by three (e.g. $1/8 = 180 \rightarrow 3/8 = 60$).

Tempo markings (Allegro, Andante and merry friends)

Noted in the usual way, however I’m a native Italian speaker so I may get creative sometimes... if everything fails just type the mystery word into any translator program online and you’re set to go.

Bar numbers

They are always marked. Traditionally if the first bar is almost empty, containing only a few notes as introduction to the second bar which holds the first true upbeat, it is not numbered as bar n. 1 and instead the second bar is considered to be bar 1. Not true here: bar 1 is the bar that carries the very first note, even if it contains only one note in the last interval. Personally I prefer this way of counting and I use it to count the official total number of bars in my pieces.

Volume (p, f, etc.) and accents

Noted in the usual way, in bold italic. When you sometimes see “rf”, it stands for “rinforzando” and means: play louder (than a moment before). Note that the “how much louder” part is left to the interpreter.

Indications like “*crescendo*”, “*diminuendo*”, “*smorzando*” carry the customary meaning and are generally written like “*cresc.*”, “*dim.*”, “*smorz.*”. Crescendo and Diminuendo are noted in place of their graphical counterparts (you know, those long open fork-like signs)

Legato and Staccato

No slurs are indicated. Traditionally when a passage is not tied by a slur it may be interpreted as a staccato passage. Not true here. Even if a slur is not there, the notes are legato, or at least to be played with their full duration. Staccato notes are noted with half the value, followed by half the pause. I mean for example a staccato 1/8 note will be displayed as a 1/16 note followed by a 1/16 pause. While visually upsetting at first, it is logically correct: when you are playing your notes in staccato you are actually playing them for only half the duration and pausing for the remaining half.

Tails (note grouping)

The “tails” of the notes of duration 1/8 or shorter are usually tied together with one or more thick lines as the number of their tails. The program I use however sometimes groups the notes in a way which doesn’t follow the musical rhythm. For example in a 6/8 bar with 6 1/8 notes these should generally be grouped all together or 3 by 3. Unfortunately you will see them always grouped in 4+2, which is generally OK but only for a 3/4 rhythm.

When this kind of quirk becomes annoying I generally include a footnote to point that out again.

Bottom line: there is no deep meaning behind awkward groupings. Please try to focus on the notes instead of their tails.

Pedals

Noted rarely, and when noted, always consider them “with a grain of salt”. It’s best if you rely on your own sensibility or ask your teachers for practical advice.

Fingering

Ditto, see above.

Right hand, Left hand

Generally the first stave is the right hand and the second stave the left hand (duh!) however keep in mind that the subdivision of notes between the two staves you’ll see is not necessarily the best or the most comfortable to play. I generally choose the one that is easier to **read**, not to play. Sometimes I even leave the messy subdivision I used when composing the piece directly on the score without playing it myself (in some preludes for instance): that’s what I call “composer’s score”. There, some work is definitely necessary to move notes from one stave to another in order to make the whole lot more easily readable and playable. Do not hesitate to find and play your own subdivision of notes between the two hands.

Trills, mordents and other embellishments

More likely to appear in my transcriptions, they are generally notated in the usual fashion. A footnote will describe trill resolutions and/or point out exceptions.

Zoom icon (on time signature)

“If the same music were written in a bar with this time signature, it would read like this.” This awkward device is used when the midi program on the real time signature shows the notes too close to be readable. You must convert back the notes to the real signature to play them at the correct speed.

Finally...

Try reading the score while listening to the example (digital or human) performances you can find on my YouTube channel (or elsewhere on the web). This should fix any doubt.

Questions and Answers

Q. So what does “DOUJIN EDITION” mean, anyway?

A. “Doujin” is a Japanese abbreviation for “self-published”, literally “the same person”. The O’s are replaced with zeroes to imply this is also a “zero edition” or “edition zero”.

Q. This is all fine and dandy (yeah, right...) but are you ever going to release a better looking score?

A. Most likely... NOT.

Q. Why not?

A. I don’t have the time. Consider that producing the score you are holding now already cost me several hours of sleep / free time and many a fit of rage and/or frustration. If you paid something to get this score, you could even say you were paying for my overtime editing work, not for the music herself.

Q. Free time? Isn’t this your main occupation?

A. NOT.

Q. What about getting your scores professionally edited, proofed, printed and bound by a publishing company?

A. Long story short, pick your favorite from: 1) Sounds nice for a pipe dream 2) Save your dreams for when you’re sleeping 3) No way, José

Q. I have a request.

A. Drop me a line (see links/contact page below)

Q. I want to play your works in public!

A. Go ahead. I’m cool with it ☺

Q. Is it really OK without any additional fee or something?

A. If you have this score, you can. If you paid for it, the amount you paid already covers public performances. If you didn’t pay for it, then it means it required no fee in the first place. Of course I’d be delighted to know when and where my works were played and even more to hear them played, but it’s not required in any way.

Q. Why some of your scores are free while some are not? Why not making them all free?

A. Because I’m torn between distributing my works as far and wide as possible and earning them due recognition. My top and foremost goal in distributing my works is granting them survival. Free is very nice but it has its limits. Apparently even if you’re self-published, unless you go commercial you aren’t taken seriously. This is ridiculous if you ask me, but it works like that. Shocking truth. Anyway the general criteria I’m currently using is: compositions → free; transcriptions → some free, some not.

Q. Hey, is it me or is this copy-pasta slightly changing from one pdf to the next!?

A. Yes, that’s right. Brought to you by “It’s Life. Bear With It”™ and yours truly ☺ Honestly I’d rather have the latest version on all pdfs including the already posted ones, but since Differential PDF Update (codename DeltaUpP) hasn’t been developed yet I don’t want to get insane over the issue. Besides the older versions are correct, I just add some more details from time to time.

Words of Thanks

Thank you for your interest in my modest works.

Thank you for reaching to the scores.
If you bought them, Thank you once again.

If you like this music, please consider archiving these scores
and/or sharing them with family and friends.

Thank you for your Support!..

... and Thank You
to the Great Masters of the past...
