4. — Sol-fa at first sight, from the Tonic Sol-fa Notation, a phrase of eight tones, or else the air of a "single chant," which has no tones out of the common major scale, and no tones shorter than a pulse.

5. — The tones of the Doh chord being given by the examiner, tell by ear the Sol-fa name of any one tone of the scale sung to *laa*, or played upon some instrument.

* Elementary Rhythms are to be found in Book II.

3. — Sol-fa from the examiner's pointing on the modulator, a voluntary moving at the rate of M. 60, containing transitions of one remove.

4. — Pitch the key-tone by means of a given C, sol-fa not more than three times, and afterwards sing to words, or to the syllable *laa*, any "part" in a psalm or hymn-tune in Tonic Sol-fa notation, not seen before, but not necessarily containing any passages of transition, or of the minor mode, or any division of time less than a full pulse.

5. — The tones of a doh chord being given by the examiner, tell, by ear, the sol-fa names of any three tones of the scale sung to *laa*, or played upon some instrument. [Two attempts allowed, a different exercise being used in the second case.]

PREFACE.

The Tonic Sol-fa Music Course is prepared especially for the use of Schools. The exercises are carefully graded according to the steps of the Tonic Sol-fa Method.

Book II. contains exercises and songs in the Third Step. It introduces the fourth and sixth tones of the Scale, making with the Key-tone the Chord of the Subdominant. This completes the Diatonic Scale, and the exercises in melody become more varied and advanced in character. A number of Rounds are introduced, and these, with the Tuning Exercises, will prepare the way for singing the songs in two and three parts. The studies in Rhythm, which are more complex than in Book I., are suited to the capacity of the children in the Grammar Schools. The "Elementary Rhythms" are included in this book, as they furnish good practice, and are needed for the first two examinations of the Tonic Sol-Fa College.

In the preparation of this Course, the convenience of both teacher and scholars has been kept in view. For the latter, the instruction is embodied as far as possible in tuneful exercises and pleasant songs. To assist the teacher, a Manual has been prepared, containing directions how to present the musical exercises to the children.

The music is for the most part original, and has been composed for this course. The words are taken from various sources, and the authors thankfully acknowledge their indebtedness to the publishers from whose works they have made selections.

ELEMENTARY RHYTHMS.

FOR PUPILS PREPARING FOR THE JUNIOR SCHOOL AND ELEMENTARY CERTIFICATES

These Rhythms must be done at the rate indicated by the metronome mark. The pupil must *laa* or *taatai* one complete measure and any portion of a measure which is required, as an introduction to the exercise, — the exercise itself being taken up without pause or slackening of speed, at the right moment.

The Rhythm may often be learned slower than marked; and, when familiar, the pupils will take pleasure in largely increasing the speed.

TONIC SOL-FA MUSIC COURSE FOR SCHOOLS WITH STAFF SUPPLEMENTS.

BY DANIEL BATCHELLOR AND THOMAS CHARMBURY.

The course consists of four books in the Tonic Sol-fa notation, a supplemental course in the Staff notation, a manual for teachers, and modulators for class use.

IN THE SOL-FA NOTATION.

BOOK I. contains studies and songs in the first and second steps of the Tonic Sol-fa Method, and they are here treated more fully than in any previous work. Price, 15 cts.

BOOK II. teaches the third step. The development of the sub-dominant chord completes the diatonic scale, and new difficulties of rhythm are introduced. The exercises and songs are suited to the highest primary and lower grammar schools. Price, 15 cts.

BOOK III. contains exercises and songs in the fourth step. In this step, the subject of transition (sometimes called modulation), or passing from one key to another, is taught. The rhythmic exercises are designed mainly to illustrate syncopation, the nature of which is explained in the Manual. There are several selections from standard composers. Price, 15 cts.

BOOK IV. takes up the fifth step of the method, comprising minor music, with difficult forms of rhythm. It also contains selections of choice music from the works of the great masters, and will prepare the pupils to sing advanced music from sight, as well as to have an intelligent appreciation of the musical classics. Price, 15 cts.

THE MANUAL will enable the regular teacher to teach the method as intelligently as any other study. The notation, mental effects, hand signs, etc., are explained, and hints given on the formation of correct habits of singing. A part on rote singing is followed by thirty-six rote songs. Then follows notes on the five steps, giving all necessary aid in teaching. Limp cloth binding; price, 45 cts.

THE STEP MODULATOR comprises modulators for the first, second, and third steps, nicely printed on heavy, durable paper. Size, 30 by 54 inches; price, 25 cts.

THE TONIC SOL-FA MODULATOR covers the first six steps of the method, but is best adapted to the fourth, fifth, and sixth. Printed on cambric, 18 by 45 inches; price, 45 cts.

SUPPLEMENTS IN THE STAFF NOTATION.

The first staff supplement may be taken up after or during the use of Book II. It will be found that comparatively little study will be required on the staff, as the pupils acquire a thorough knowledge of music itself by means of the simpler notation of the Sol-fa books; the supplements simply require an understanding of a more complex representation of a subject already familiar, giving at the same time additional practice.

STAFF SUPPLEMENT TO BOOKS I. AND II. gives the first, second, and third steps of the Tonic Sol-fa method. Price, 15 cts.

STAFF SUPPLEMENT TO BOOK III. covers the fourth step. Price, 15 cts.

STAFF SUPPLEMENT TO BOOK IV. contains the fifth step. Price, 15 cts.
