Ultimul interviu dat de
compozitoarea si profesoara
LIANA ALEXANDRA

- interviul a fost realizat de Georgiana Mirica in
noiembrie 2010, la Universitatea Nationala de
Muzica din Bucuresti -

1. *Ce v-a determinat să alegeți meseria de compozitor?
O considerați o meserie sau o vocație?*

Am ales această meserie pentru că mi-a plăcut și atunci probabil că a fost vocația vieții mele. Sigur, ea devine și meserie, dar devine o meserie după ce depășești stadiul acela de pasiune și de creație, de dorință, de necesitate de a crea. Chiar ce m-a determinat nu pot să răspund, cu toată sinceritatea, pentru că eu am pornit educația muzicală din fragedă copilărie. Muzica a fost primul limbaj pe care l-am învățat, am învățat întâi să scriu note, să citesc note la 3 ani și, abia după aceea alfabetul. E greu de spus ce m-a determinat. Probabil că am crescut în mediul muzical și asta mi-a plăcut. Eu am făcut liceul teoretic unde am învățat foarte bine. Am ieșit șefă de promoție la liceul *Gheorghe Lazăr*, puteam să aleg orice, dar am ales-o pentru că atunci mi-a plăcut. Sigur, acum poate mi-am mai schimbat din păreri, dar cariera e consolidată într-o direcție.

Cred că dacă aș fi din nou la 18 ani n-aș mai porni să fac muzică din nou. Deși m-am afirmat -cred- unii spun că plenar-adică am compus mult –sunt- prezentă, un compozitor –cred că răsfățat până la urmă de soartă prin solicitările pe care le am. Dar, având o dublă sau triplă

participare și existență în viață. De exemplu, catedra impune o anumită rigoare.

Prezența la catedră ca profesor și viața socială își au regulile lor, creația e cu totul altceva, eu sunt profund dezamăgită de răutățile colegilor. Adică nu mi-aș fi putut imagina că în acest domeniu, răutatea umană – pe cât e de frumos limbajul muzical - e atât de mare. Și din acest punct de vedere, dacă aș avea 18 ani, nu aș mai face muzică. Adică, nu mi-aș imagina că mă întâlnesc cu niște răutați –invidie – atât de mare, încât se plătesc unele și cu viața. La modul fizic. Eu sunt căsătorită cu un compozitor, suntem împreună de o viață, noi nu ne-am invidiat și nu ne-am urât niciodată. Probabil că facem o excepție. Eu nu pot să fiu invidioasă pe cineva că a produs.

2. *Aveți un compozitor preferat? Dacă da, v-a influențat acesta într-un fel propriile compoziții?*

E greu de spus. Îmi plac compozitori din toate genurile, din toate stilurile. Îmi place foarte mult folclorul românesc. Dacă e să spun, compozitorul preferat e etos-ul nostru, românesc, totuși mă definește ca și autoare, ca stare de spirit. Tehnic, sigur, toate mijloacele tehnice.

3. *Ați compus lucrări în genuri diferite: simfonic, vocal-sinfonic, concertant, de operă, cameral. Dintre acestea, aveți predilecție pentru un anumit gen?*

Da, genul simfonic , vocal-sinfonic și opera. Deci, genurile ample, acestea mă și definesc.

4. *În care dintre lucrările dumneavoastră vă regăsiți cel mai bine?*

Cred că în simfonii. Pentru că nu le-am scris niciodată la cerere. De exemplu, concertele instrumentale, toate s-au născut din cerere. De aici unele combinații care par stranii: flaut și violă, concert pt. pian sau pt. 2 pian, sau pian la 4 mâini, concert pt. colarinet, pt. saxofon, 5 soliști

și orchestră. Au fost solicitări nominale. La simfonii a fost doar solicitarea sufletului.

5. *În ce formație instrumentală regăsiți cel mai bine echilibrul sonor?*

În orchestră și mai nou și în computer.

6. *Mi-ați putea spune anumite trăsături specifice definirii stilului personal?*

Cred că sunt neoromantică, așa cum mi-au spus mulți. Adică îmbin tehnici foarte moderne de compoziție, dar dacă nu sună și frumos mie nu-mi plac. Frumos nu înseamnă neapărat euforic, sau eufonie, poate să fie și dramatic dar nu m-am supărat când mi-au spus mulți muzicologi că sunt neoromantică.

7. *Sunteți o adeptă a programatismului sau vă regăsiți mai mult în muzica pură?*

În muzică și matematică. În asta mi-am dat și doctoratul.

8. *Ce vă inspiră pentru a compune și care sunt locurile favorite?*

Ideea muzicală în sine mă inspiră. Eu cu mine însămi.

9. *Credeți în geniul Mozart sau în muncă stăruitoare pentru a deveni geniu?*

Mozart în sine e un geniu. Sigur!

10. *Cum v-ați judeca propria creație în calitate de critic muzical, dacă aceasta ar aparține unui alt compozitor?*

Cu lupa criticului care are o meserie în mână. Nu cu sentimentul, ci obiectiv.

11. *Activitatea dvs. reunește mai multe direcții: pedagog, compozitor, membru al unor uniuni de creație. Cum se îmbină toate aceste preocupări?*

O muncă asiduă.

12. *Care sunt perspectivele muzicii secolului XX?*

Este secolul cel mai frumos, cu cele mai multe stiluri.

13. *Cum vedeți muzica astăzi?*

Variată, așa cum e și omenirea. Eu sunt pozitivă.

14. *Un gând concluziv...*

Succes și pace pentru toată lumea și inspirație tuturor compozitoarelor.

Detailed description: This is a page of a musical score for an orchestral piece. It features eight staves, each labeled with an instrument: Oboe Solo, Celesta, Harp, Vni I, Vni II, Vle, Vlc, and Cb. The key signature is B-flat major (two flats). The Oboe Solo part begins with a fermata over a half note, followed by a melodic line with three triplet markings. The Celesta and Harp provide a rhythmic accompaniment with eighth-note patterns. The string parts (Vni I, Vni II, Vle, Vlc, Cb) are mostly sustained, with some melodic movement in the lower strings. The score is written in a standard musical notation style with a common time signature.

Detailed description: This is a musical score for a single melodic line, likely for a violin or flute, in the key of G minor (three flats). The score consists of eight staves of music, numbered 88 to 126. The notation includes various musical symbols: slurs for phrasing, ties for sustained notes, and tremolos for rapid oscillations. The key signature is G minor, indicated by three flats (B-flat, E-flat, and A-flat). The time signature is not explicitly shown but appears to be 4/4 based on the note values. The score includes a section marked 'al ord.' (all'ordine) starting at measure 115, which typically indicates a change in articulation or a specific performance instruction. The final measure is 126.
