CHRISTOPHORO
PRÆPOSITO
AC DOMINO ELVACENSI, &c.

Principi ac Domino meo Clementissimo.

EXpeditionis novæ Classem novam in Altum deduco, PRINCEPS CELSISSIME, non quæ bellum per mare circumferat, aut pelagus prædatrix infestet; sed quæ Pacem, etiam cùm concertandum est, impensè colat, Tranquillitatem amet, armisque præhabeat Quietem. Classem, inquam, non nisi imbelli placidissimarum *Sirenum* præsidiō munitam. Quæ vox quando aures Tuas ferit, CELSISSIME PRINCEPS, nolim, cogites cruentas illas Acheloi Filias, quas impatiens dolor convertit in monstra.

Neque

Neque enim Proſerpinam hîc quærimus, aut litamus Crudelitati, mortalesque incantatos mergimus in profundum; ſed tetræ inhærentes Animas ſuſtollimus in ſublime, ſopitasque excitamus, ac Cœlo conjungimus. Quare nec Integritas habet, quas timeat inſidias. Innoxiæ ſunt *Sirenes* noſtræ, nec Mores depopulantur. Execrantur, quicquid aut Lesbias ſonat, aut Cynthias, Catullíve Paſſeres, aut Stellæ Columbas. Indulgent Amoribus, ſed Sacris; quosque non niſi Cœleſtibus Hymenæis, Albisque impendunt Mentibus, quas terræ lutum ſupergreſſas Candida Virtus Aſtris inſeruit. Ad Earum Genus Originem referunt, quæ Materiâ ſuâ Magno quondam Auguſtino violentâ quâdam aures illecebrâ, pectus affectu, oculos lachrymis implevêre; quibusq; pronam, libentemque audientiam facere, hominis à Supremo Numine perennaturis Beatorum gaudiis deſtinati argumentum non poſtremum eſſe, jam olim Philoſophiæ Sacratioris Antiſtites voluêre. Cum his igitur, ajo, Claſſiariis, ſub feliciſſimis ILLUSTRISSIMI TUI NOMINIS Auſpiciis, in Altum promoveo, PRINCEPS CELSISSIME; eosdem captantibus Gratiæ Tuæ Favonios, qui me, meosque dudum jucundiſſimè cœperunt afflare. Ad CELSITUDINEM TUAM tanquam Portum adſpirant; in quem cùm exſcenſionem fecerint, faciles ſibi Aures pollicentur; quales ſcilicet (cùm Illuſtriſſimâ Tuâ Præſentiâ Auguſtam noſtram adhuc exhilararet) Earundem nonnullis dediſti. In altiori quidem interea Faſtigio Virtus ac Merita Tua Te collocârunt; ſed nihil hinc illis terriculi: ut quæ non in Dignitatis Tuæ, ſed in Virtutis illius Fulgorem intendunt oculos, quam Heroicam primus vocavit [illegible]oteles, quam in Summis Verticibus admiramur omnes, & ipſ[illegible]n vultu Tuo, voce, ac moribus intuentur. Humanitatem dico, quam cum [illegible]ortunâ minimè mutâſti. Hanc enim ut extra Te poſitam habes,

ita

ita illam intimis viſceribus complexus, intra Te involvis, ac retines; Eâdemque *Sirenes* has meas in ſpem erigis, atque animas. Quæ tum demum omnes ſive Zoilorum rhonchos, ſive Momorum obtrectationes ſecurè ridebunt; cum intellexerint, ad Voces ſuas, Sapientiſſimo *Tanti Ulyſſis* Judicio, Chriſtianas aures *Nullâ Cerâ* eſſe obturandas. Vale PRINCEPS CELSISSIME, & communi Bono, Votisque noſtris quàm diutiſſimè Vive. Ita Superos precatur Auguſtæ Vindelicorum, Anno Domini MDC LXXVII.
