Azərbaycanın xalq artisti, Üzeyir Hacıbəyli adına Bakı Musiqi Akademiyasının professoru Tofiq Bakixanov Azərbaycan bəstəkarlıq məktəbinin parlaq nümayəndələrindən biridir.

Bəstəkarın derin və məzmunlu yaradıcılığı Azərbaycan musiqi incəsənətinin maraqlı səhifələrindəndir.

Istedadlı Azərbaycan bəstəkarının musiqisi milli mədəniyyətdən ayrılmazdır və bu cəhət onun əsərlərinin nəinki obraz düzümündə, həmçinin musiqisinin musiqili-şərab cizgilerində aydın hiss olunur.

T.Bakixanovun əsərlərində həmçən zamanının nəbzi hiss olunur, bələ ki, yaradıcı sənətkar ətraf mühitin gerçək şəkilde təsvirin üstünlük verməklə, müasirliyin zirvəsində durur.

Bəstəkarın musiqisində, bir tərəfdən, dil, üsul, formaların yeniləşdirilməsinə, digər tərəfdən isə müəyyən obraz və janrlar seçilmiş tematikaya sadıqliq nümunəsi duylur.

Və doğrudan da, Azərbaycanın heyatında hər bir yenilik, mənalı və əlamətdar hadisə bəstəkarın yaradıcılığında öz inikası tapır.

Tofiq Bakixanov üç balet («Xəzər balladası», «Şərq poeması», «Xeyir və Şər»), 8 simfoniya, 5 simfonik müğam, müxtəlif alətlər üçün 24 konsert, 26 kameral-instrumental əsər, musiqili komediyalar, 100-dən artıq mahnı və romansın müəllifidir.

T.Bakixanovun böyük yaradıcı uğuru ictiyatiyyatın geniş rəqəbetini qazanmış «Xəzər balladası» baletidir. Balet müvəffəqiyyətlə Bakıda və SSRİ-nin bir çox şəhərlərində (Moskva, Sankt-Peterburg, Kislovodsk, Kiyev), həmçinin xarici ölkə səhnələrində nümayiş etdirilmişdir.

1969-cu ildə Parisdə keçirilən VII Beynəlxalq rəqs festivalı günlərində balet son dərəcə böyük uğur qazandı. Balet bir tək Parisdə deyil, Fransanın digər şəhərlərində, o, cümlədən, Armany, Bezanson, Dijon, Le-Krezo, Eks-Provans, Nansi, Soçoda səsləndirildi. O, həmçinin Lüksemburq və Monakoda nümayiş etdirildi.

Qeyd etmək lazımdır ki, T.Bakixanovun əsərlərinin sadəcə olaraq sadalanması artıq onun bu və ya digər janrda yaratdığı müxtəlifliyi isbat edir.

Lakin T.Bakixanovun hənsi janrda iştəmosından asılı olmayıaraq, onun musiqisi fikir aydınlığı, emosionallıq, daxili qüvvə, dincəyicini cəlb edən təkənməz enerji ilə həmçən forqlənir.

Məhz ağır, çətin yaradıcı prosesin nəticəsində T.Bakixanovun təkərsiz əsərləri meydana çıxmışdır ki, həzirdə müasir Azərbaycan musiqisini bu ecazkar əsərlər olmadan təsəvvür etmək qeyri-mümkündür.

Tofiq Bakixanov – yüksək səviyyəli peşəkar bəstəkardır. Sənət əsərini yaratmaqdən ötrü bu işi bacarmaq lazımdır. Və söhbət tek ondan getmir ki, bəstəkar tərəfindən yazılan hər bir əsər tamamlanaraq itilənmişdir. O, ilk növbədə, bacarıq və tacruba, hortəfli intellekt nümayiş etdirir.

Bəs cəhət, albəttə ki, ilk növbədə onun müəllimi Qara Qarayevdən oxz olmamışdır. Özünün kompozisiya məşqənlərindən çoxsaylı və müxtəlif problemlərə toxunaraq, o, yetirmələrinin maraqla dairəsini genişləndirib, zəngin bilik verir, onların badii toxeyyülünü tolatma gətirir. Müəlliminin tacribəsini böyük yanğı ilə mənimseyən T.Bakixanov həmçən zəngin klassik ənənələrin varisi kimi, Azərbaycan, rus, Qorbi Avropa və müasir musiqini comlaşdırır.

Həm sənətdə, həm də həyatda əsl azərbaycanlı, hortəfli tohsil görmüş ziyalı və moderni insan olan T.Bakixanov öz xalqının nəinki musiqi nitqinə, habelə müasir yazı texnikasına yüksək səviyyədə malikdir.

Prinsipial sənətkar olan T.Bakixanov milli və klassik incəsənətə münasibədə daima sadıqliyi hifz edir. Bu ənənələrə o, heç zaman üz çevirməmişdir. Ənənələrə sadıqliq təsdiyi deyil, T.Bakixanov köklü musiqi nəşlinin nümayəndəsidir.

Tofiq Bakixanovun instrumental musiqisində skripka əsərləri vacib sahəni toşkil edir. Özü skripka ifaçısı olaraq, alətin təbəiotini əla hiss edir və erkən yaşlarından ona böyük maraqlı göstərirdi.

Onun tərəfindən həmçinin skripka ilə fortepiano üçün 13 sonata, skripka ilə simfonik orkestr üçün 7 konsert bəstələnmişdir.

Məhz skripka əsərlərinə bəstəkarın instrumental üslubu kifayət qədər tam şəkildə aşkarlanır.

T.Bakixanovun skripka əsərləri bir çox müsiqilərin repertuarına möhkəm daxil olaraq, mütəmadi şəkildə konsertlərdə, radio və televiziyyada səslənir.

Onun skripka sonataları Azərbaycanda və xaricdə xüsusilə böyük populyarlıq qazanmışdır. Bu əsərlər Rusiyadan bir çox şəhərlərdə, Ruminiya, Gürcüstan, Türkiyə, İranda səslənmişdir.

İri höməli müsiqi bəstəleyen sənətkar kimi, T.Bakixanov müsiqi obrazlarının parlaq və kontrastlılığını, masatlılığını yer verir, müsiqi formalarını fəal inkişaf etdirir, konsert janrınu sevir. Onun bu sahədə əldə etdiyi ciddi bədii nüaliyyətləri içərisində skripka konsertləri xüsusilə fərqlidir.

Bələliklə, hələ konservatoriyamın tələbəsi ikən, o, diplom işi kimi skripka ilə simfonik orkestr üçün 1 sayılı konsertini təqdim edərək, Dövlət imtahanı komissiyasının yüksək rövini qazandı.

Konsert parlaq şəkildə gənc müsiqicinin Q.Qarayev sinfində əldə etdiklərini nümayiş etdirməklə yanaşı, onun öz fikir və hissələrinin soslar vasitəsilə müstəqil ifadə etmək bacarığını, ən başlıcası isə, galəcək yaradıcı inkişafının potensial imkanlarını aşkarladı.

Həmçinin qeyd edək ki, T.Bakixanovun yaradıcılığında müəyyən mənənədən caz, ona səciyyəvi olan ritmin aparıcı rolü, ifanın improvizasiyalı tarzı öz əsərini göstərməmişdir. Məlumudur ki, caz – qeyri-adı dərəcədə canlı və dinamik sənət növü olub, eyni zamanda böyük müsiqi mədəniyyəti və ələbəttə ki, istedad tələb lazımdır.

T.Bakixanovun maraqlı skripka konsertləri içərisində C.Gerşvinə həsr olunmuş skripka ilə simfonik orkestr üçün 6 sayılı «Caz sayığı» konsertini qeyd etmək lazımdır.

Amerika pianoçu və bəstəkarı Coro Gerşvin (1898-1937) öz yaradıcılığında simfonizm və caz elementlərinin prinsiplərini növbəldənmişdir. Onun zənci həyatından bəhs edən süjet əsasında yazdığı «Porgi və Bessa» operası və «Blüz tonlarında Rapsodiya»nın böyük şöhrət qazanmışdır.

Tofiq Bakixanovun skripka ilə simfonik orkestr üçün 6 sayılı konserti bəstəkarın palitrasında yeni boyaların yaranması ilə səciyyələnir.

Bəstəkarın öz əsərlərinə üzvi şəkildə daxil etdiyi yeni dil vasitələri, onların mənimsənilməsi na dərəcədə qeyri-adırsa, heç də ekstravaqant qəbul edilmir, əksinə, verilmiş kontekstdə yeganə mümkün hal kimi qəvrənlər və bu Caz konsertində özünün parlaq təzahürünü tapmışdır.

6 sayılı skripka və orkestri konserti 3 hissədən ibarətdir. I hissə güzgülü reprizalı sonata aləqədər. Hissə leyimotiv funksiyasını yerinə yetirən kiçik girişə başlayır, özü də burada caz priyomları «Bayatı-Şiraz» müğəminin intonasiyasıyla ilə növbələşir.

Girişin intonasiyaları əsasında əsas mövzu qurularaq, «Cahargah» müğəminin caz müsiqisine xas qarışq sinkopalarla vəhdətinə yaradır.

Qisaca olaraq orkestr inkişafı «Rasti» müğəminin intonasiyalarından qurulan blüz üslubunda lirik köməkçi mövzuya üzvi surətdə keçir. O, solistə orkestr arasında dialog formasında səslənir. Orkestr partiyasında olan forşlaq və səsətrafi gəzişmələr lirik melosu əhəmiyyətli dərəcədə möhkəmləndirir.

İşlənmə – həssinin dramatik mərkəzidir. Ekspozisiyanın əsas mövzusu burada intensiv inkişafını təpdir. Orkestrda tökrələnən ritmik figurasiyalar solistin partiyasında melodik xətlə növbələşir. Bəstəkar xüsusilə orkestr partiyasında ostinato inkişaf principindən fəal istifadə edir.

Diqqətəlayiqdir ki, bəstəkar köməkçi mövzunu işlənmədə Azərbaycan xalq mahnısı kimi irali sürər, onun inkişafı ərzində artırılmış şəkildə verir. Köməkçi partiyasının meydana çıxmazı ilə solist və orkestrin səsloşməsi üzərində qurulan güzgülü repriza başlayır.

Koda əsas mövzu üzərində qurulur, solo skripkada giriş leyimotivinin keçidi hissəni çərçivəyə alaraq, bütün müsiqi inkişafına yekun vurur.

Konsertin II hissəsi mürəkkəb 3 hissəli formadadır. Bu kədərli müsiqi dərin xəyalpərvər obraz əmələ götürir. Skripkalarda səslənən əsas mövzu zərif və isti nəfəsi ilə qüssəli qəlbini monoloqu kimi səslənir. Orkestr partiyasındaki rəngarəng harmoniyalar skripkanın qəmlı mövzusunu artırır. II hissənin orta bölməsi əsas mövzudan əmələ gələrək, daha impulsiv və

dinamik xarakteri ilə ziddiyət təşkil edir. Skripkanın sərbəst axıcı melodiyası öz daxilində mahnivari lirizmin ifadəli deklamasiyalılığı sintezini yaradır.

Sonata formasında yazılın III hissə təntənəli xarakterli orkestr girişи ilə başlayır və əsas mövzunu hazırlayırlar.

Əsas mövzunun meydana çıxmazı ilə hərəkətə stimul verən ritmik başlangıç öne keçir. Üçton səslənməsi müyyən görənən yaradır, başlayıcı partiyada qarışq sinkopaların çoxluğu caz ritmikasını vürgulayaraq, ifadəyə hədsiz impulsivlik getirir.

Köməkçi mövzu töbətin işqli poetik obrazını yaradaraq suyun sırlılığını xatırladır. O, özünün inkişafı ərzində daha da emosional yüksəliş əldə edir. İşlənmədə əsas mövzu orkestri partiyasında keçir. Mahnivari lirik köməkçi mövzunun ardınca yeni mövzu epizod meydana çıxır, o, ritmik və faktura etibarilə caz elementləri ilə zəngindir. Reprizada I hissədən lirik xalq mövzusu səslənir. Kodada əsas mövzu I hissədən leytmotiv və tamamlayıçı partiya ilə birləşərək, vahid tamlıq əmələ götürir.

Konsertin müsiqisi ilk notdan sonuncuya qədər öz dəst-xəttinə görə vahidliyi ilə əsləb keyfiyyətində döñüş, yeniliyə doğru addım kimi bəstəkarın yaşı çağında həyata keçmişdir.

Tofiq Bakixanovun C.Gerşvinə həsr olunmuş skripka ilə simfonik orkestr üçün 6 sayılı «Caz sayığı» konserti ilk dəfə 2006-ci ildə M.Maqomayev adına Azərbaycan Dövlət Filarmoniyasında bəstəkarın anadan olmasının 75 illiyinə həsr olunmuş yubile konsertində səslənmişdir.

Skripka ilə simfonik orkestr üçün konserti böyük sövq və yüksək professional səviyyədə respublikanın əməkdar artisti, skripkaçı Töhfə Babayeva ifa etmişdir. Skripkaçı bu müsiqinin emosional çalar və ritmik ziddiyətlərini bacarıqla «əsitmışdır».

Azərbaycan bəstəkarlarının bir çox əsərlərini istedadla interpretasiya edən dirijor - Azərbaycan Respublikasının xalq artisti, professor Rauf Abdullayev bu əsərdə de böyük incəliklə və dərin düşüncə ilə səslənən müsiqinin bütün emosional qəmmasını çatdırıbilmüşdür.

Концерт для скрипки с симфоническим оркестром №6 «В джазовом стиле» Тофика Бакиханова, посвященный Д.Гершвину

Народный артист Азербайджана, профессор Бакинской музыкальной Академии им. Уз. Гаджибейли Тофик Бакиханов один из ярких представителей азербайджанской композиторской школы.

Содержательное и глубокое творчество композитора принадлежит к интересным явлениям азербайджанского музыкального искусства.

Музыка талантливого азербайджанского композитора неотделима от национальной культуры и это ясно ощущается не только в образном строе его сочинений, но и в музикально-стилистических чертах его музыки.

В сочинениях Т.Бакиханова всегда ощущается пульс времени, потому, что ее создатель художник глубоко современный, стремящийся к правдивому воссозданию окружающего мира.

В музыке композитора, с одной стороны, ощущается стремление к постоянному обновлению языка, приемов, форм, а с другой - верность избранной тематике, определенному кругу образов и жанров.

И, действительно, каждое большое и знаменательное событие в жизни Азербайджана всегда находит отклик в творчестве композитора.

Тофик Бакиханов является автором трех балетов («Каспийская баллада», «Восточная поэма», «Добро и зло»), 8 симфоний, 5 симфонических мугамов, 24 концертов для различных инструментов, 26 камерно-инструментальных сочинений, музыкальных комедий, более 100 песен и романсов.

Крупным творческим достижением Т.Бакиханова стал балет «Каспийская баллада», получивший широкое общественное признание. Балет успешно демонстрировался в Баку и во многих городах Союза ССР (Москва, Санкт Петербург, Кисловодске, Киеве), а также в зарубежных странах.

Неизменный успех сопутствовал балету в дни VII Международного фестиваля танца в Париже в 1969г. Балет звучал не только в Париже, но и в других городах Франции, таких, как Амьен, Безансон, Дион, Ле - Крезо, Экс - Преванс, Нанси, Сошо. Он демонстрировался также в Люксембурге и Монако.

Надо сказать, что даже простой перечень композиторских работ Т.Бакиханова свидетельствует о большом разнообразии созданных им жанров.

Однако, в каком бы жанре не работал Т.Бакиханов его музыку всегда отличает ясность замысла, выразительность, эмоциональность, внутренняя сила, какая-то неуемная энергия, увлекающая слушателей.

Именно в результате нелегкого творческого процесса возникли прекрасные сочинения Т.Бакиханова, без которых сейчас нельзя представить современную азербайджанскую музыку.

Тофик Бакиханов - отличный профессионал. Чтобы создавать произведения искусства, надо уметь это делать. И дело не только в том, что все, написанное композитором закончено и отточено, он демонстрирует, прежде всего, выучку, разносторонний интеллект.

Это черта, конечно, прежде всего, от его учителя Кара Караваева, который касаясь на своих занятиях композицией многих и разнообразных проблем, будил в своих воспитанниках мысли, расширяя их кругозор, дарил богатые знания, волновал художественное воображение. Жадно изучая опыт учителя Т.Бакиханов всегда был наследником богатейших классических традиций, включая сюда традиции азербайджанской, русской, западноевропейской и современной музыки.

Истинный азербайджанец в искусстве и в жизни, широко образованный и интеллигентный, Т.Бакиханов великолепно владеет не только музыкальной речью своего народа, но и обладает также техникой современного письма.

Булучи принципиальным художником Т.Бакиханов всегда хранит верность по-

отношению к великим традициям национального и классического искусства. Этим традициям он не изменял никогда. Любовь к традициям не случайна, так как Т.Бакиханов - представитель потомственных музыкантов.

В инструментальной музыке Тофика Бакиханова весомую область составляют скрипичные сочинения. Скрипач по призванию, отлично чувствующий природу скрипки, он с юных лет проявляет к нему большой интерес.

Им написано также 13 сонат для скрипки и фортепиано и 7 концертов для скрипки с симфоническим оркестром.

Именно в скрипичных сочинениях достаточно ярко раскрывается инструментальный стиль композитора.

Скрипичные сочинения Т.Бакиханова прочно вошли в репертуар многих музыкантов, часто звучат на концертах по радио и телевидению.

Особенно большой популярностью в Азербайджане и за рубежом получили его скрипичные сонаты. Они звучали во многих городах России, в Румынии, в Грузии, Турции, Иране.

Художник крупного штриха; контрастов и ярких музыкальных образов, масштабности, активно развивающихся музыкальных форм, Т.Бакиханов любит концертный жанр. Среди серьезных художественных достижений его в этой области отличаются созданные им скрипичные концерты.

Так, еще будучи студентом консерватории, он в качестве дипломной работы представил I концерт для скрипки с симфоническим оркестром, получивший высокую оценку государственной экзаменационной комиссии.

Концерт ясно продемонстрировал не только приобретенные в классе К.Караева навыки, но и умение молодого музыканта самостоятельно выразить в звуках своих мыслей и чувства, а, главное, потенциальные возможности будущего творческого роста.

Отметим также, что определенное влияние оказал на творчество Т.Бакиханова джаз, с характерной для него ведущей ролью ритма, импровизационной манерой исполнения. Как известно, джаз - захватывающий вид искусства, необычайно живой и динамичный, при этом очень серьезный, требующий большой музыкальной культуры и, разумеется, таланта.

В числе интересных скрипичных концертов Т.Бакиханова надо отметить Концерт №6 для скрипки с симфоническим оркестром « В джазовом стиле», посвященный Д.Гершвину.

Американский пианист и композитор Джордж Гершвин (1898-1937) -сочетал в своем творчестве принципы симфонизма и элементы джаза. Большую известность получила его опера «Порги и Бесс» на сюжет из негритянской жизни и «Рапсодия в блюзовых тонах».

Концерт № 6 для скрипки с оркестром Тофика Бакиханова ознаменовал собой появление новых красок в палитре композитора.

Умение композитора органично вводить в свои сочинения новые языковые средства, так их осваивать, что всякие приемы, какими бы нетривиальными они не были, воспринимаются не как экстравагантные, а как единственно возможные в данном контексте ярко проявившиеся и в Джазовом концерте.

Концерт №6 для скрипки с оркестром состоит из 3 частей. 1 часть представляет собой Сонатное аллегро с зеркальной репризой. Начинается часть с небольшого вступления, выполняющего функцию лейтмотива, причем здесь джазовые приемы сочетаются с интонациями мугама «Баят-Шираз».

На интонациях вступления строится главная тема, где мугам «Чаргях» соединяется со смешанными синкопами, свойственными джазовой музыке.

Небольшое оркестровое развитие подводит органично к лирической побочной теме в блюзовом стиле, построенной на интонациях мугама «Раст». Она звучит в форме диалога между солистом и оркестром. В оркестровой партии форшлаги и опевание звуков значительно укрепляют лирический мелос.

Разработка - драматический центр части. Основная тема экспозиции здесь получает

интенсивное развитие: Повторные ритмические фигурации в оркестре сочетаются с мелодической линией у солиста. Композитор активно использует остинатный принцип развития особенно в оркестровой партии.

Не безинтересно отметить, что побочную тему в разработке композитор излагает в виде народной азербайджанской песни, которая по мере своего развития идет в увеличении. С появления побочной партии начинается зеркальная реприза, построенная на перекличках солиста и оркестра.

Кода построена на главной теме, появление лейтмотива вступления у скрипки соло обрамляет часть, подводя итог всему музыкальному развитию. II часть концерта изложена в сложной 3 частной форме. Это грустная песнь, создающая образ углубленной мечтательности. Полная теплоты и тонкости основная тема звучит у скрипок как монолог шемящей души. Красочные гармонии в оркестровой партии дополняют задушевную тему скрипки. Средний раздел II части вытекает из основной темы, контрастирует ей более импульсивным и динамичным характером. Свободно льющаяся мелодия скрипки синтезирует в себе песенный лиризм с выразительной декламационностью.

III часть, написанная в сонатной форме, начинается с оркестрового вступления торжественного характера, подготавливающего основную тему.

С появления главной темы выделяется ритмическое начало, являющееся главенствующим стимулом движения. Тритоновые звучания создают определенную напряженность, в связующей партии наличие смешанных синкоп, еще более подчеркивают джазовую ритмiku и повышенную импульсивность высказывания.

Побочная тема, создающая светлый поэтический образ природы напоминает журчание воды. По мере своего развития она приобретает еще большую эмоциональную приподнятость.

В разработке основная тема проходит в партии оркестра. После звучания песенной лирической побочной темы появляется новая тема эпизод ритмически и фактурно, насыщенная джазовыми элементами. В репризе звучит лирическая народная тема из 1 части. В коде главная тема, соединяясь с лейтмотивом из I части и с заключительной партией, создает единство целого.

Музыка Концерта от первой до последней ноты единая по своему почерку знаменовала собой перелом качества стиля, шаг к новому, осуществленному композитором на склоне лет.

Концерт №6 для скрипки с симфоническим оркестром «В джазовом стиле» Тофика Бакиханова, посвященный Д.Гершвину впервые прозвучал в 2006г. в Азгосфилармонии им.М.Магомаева на юбилейном концерте посвященным 75- летию со дня рождения композитора.

Концерт для скрипки с симфоническим оркестром с большим увлечением и на высоком профессиональном уровне исполнила Заслуженная артистка республики Тофа Бабаева. Скрипачка превосходно «услышала» и передала эмоциональный тон и ритмические контрасти этой музыки.

Дирижёр – народный артист Азербайджана, профессор Рауф Абдуллаев, талантливый интерпретатор многих сочинений азербайджанских композиторов, и в этом сочинении сумел с большой тонкостью и глубоким пониманием передать всю эмоциональную гамму прозвучавшей музыки.

Concerto # 6 for Violin and Symphony Orchestra in the style of jazz dedicated to the memory of George Gershwin

Professor of the Musical Academy Tofiq Bakikhanov is probably one the most talented modern Azeri composers. His work is deep and creative and stands out as vividly representative of national musical traditions. He addresses every milestone, every major event in the history of Azerbaijan. Coming from a family of many prominent musicians, professor Bakikhanov naturally adheres to national musical traditions of Azerbaijan. It would be impossible now to imagine modern Azeri classical music scene without many of the professor's beautiful musical pieces.

At the same time professor Bakikhanov has been exploring different musical styles. As a contemporary composer, professor conveys rhythm and pulse of modern time and very realistically draws truthful picture of the world around us. However, there is a sense of progressive and innovative change of style and form, when it comes to many of professor's talented musical works in different genres and styles.

No matter what genre professor is working in, his audience is captivated by clear idea, expressiveness, strong emotions and powerful energy of his creations. He is a real professional. In order to achieve the results, one has to know the trade. It is not enough to say that whatever he is working on results in solid and skillfully calibrated musical creations; those works are living prove of professor's strong education background and training combined with his extensive experience and intellect. Certainly this in some way can be attributed to his tutor, great Kara Karaev, who in his composition workshops presented and discussed vital issues, encouraged students' creativity and imagination, taught them to express their mind, empowered them. Through these classes, professor Bakikhanov inherited a great wealth of Azeri, Russian and Western musical traditions.

Professor Bakikhanov is a prolific composer, the author of three ballets "Caspian Ballad", "Poem of the East", "Good and Evil", eight symphonies, five symphonic mugams, twenty four concerts for various musical instruments, twenty six chamber and instrumental pieces, as well as numerous musical comedies and over one hundred songs and musical romances. Simple review of the list shows great diversity of musical styles and genres.

Ballet "Caspian Ballad" have had been warmly received by the audience both domestically and abroad. In 1969, the ballet was a great success story in Paris at the VII International Dance Festival. The performances took place in many French cities, in Besancon, Dijon, and Nance, to name a few; as well as in Luxemburg and Monaco.

As a youth professor acquired superb skills as violinist. Thirteen sonatas for violin and forte-piano, seven concertos for violin with symphony orchestra are brilliant results of professors' love affair with this magical musical instrument. His violin compositions are loved by musicians and often included on the concert hall's programs, as well as in television and radio broadcasts. Violin sonatas became especially popular in Azerbaijan as well as abroad. They have been performed in many cities in Iran, Russia, Rumania, Georgia, and Turkey.

With vibrant strokes of a brash, Maestro draws a multi-colored palette of diverse, vivid musical images. Professor Bakikhanov for a long time has been exploring popular, constantly developing styles, such as concerto music. Violin concertos can be mentioned as some of his greatest achievements. Back in the years, as student of Conservatory of Music of Azerbaijan, Tofiq Bakikhanov presented his Concerto for Violin and Symphony Orchestra № 1, as his graduation work. The concerto was has been awarded with an honorary diploma by the state examination committee. This work eloquently demonstrated that the student not only studied well at the famous workshops of his teacher Kara Karaev, but also the ability to express through the music his thoughts and emotions and his great potentials for personal growth in this field.

Jazz has always been one of favorite kind of music of composer Bakikhanov and for many years a thought of getting a work done in this fascinating musical style has been with him. Jazz music captivating listener with its rhythm and freedom of improvisation, so dynamic and alive, is at the same time a genre that demands a very serious approach and hard work from any musician even from a very talented one.

Violin Concerto #6 "In the Style of Jazz" professor dedicated to the memory of great American composer George Gershwin. This is a concerto for violin and symphony orchestra.

In the works of American pianist and composer George Gershwin (1898-1937) such as "Porgy and Bess", "Rhapsody in Blue" symphony and jazz are in harmonized, collaborate creating a new, unique style, a masterpiece. Not only in the United States, but all over the globe this music captured hearts and minds of millions. It has been tremendously popular ever since. Of course Gershwin's music touched and influenced wide audience in Azerbaijan and brought about new creative ideas.

With Concerto #6 professor Bakikhanov added new colors to the palette and once again demonstrated his ability to work in different styles, to introduce elements to his music that although new, fall right in place, sound and feel distinctive.

Concerto #6 for Violin and Symphony Orchestra consists of three parts. First part is a mirrored repriza sonata allegro. It begins with short introduction, which works as leitmotiv of the concerto. Here jazz motives go along with mugam motives of "Bajati-Shiraz".

Harmonic cadence of the introduction, where mugam "Chargah" fraises intervene with the jazz style mixed syncopation, becomes the main theme of the concerto. Then piano part plays a side line blues theme based on the "Rast" mugam. This theme creates a dialogue between solo and piano. Elaboration works as center of dramatization of this part. The main theme rapidly develops here. Repetitive rhythmic figure of the piano part go along with melodic lines of the soloists. Here, composer emphasizes development of the piano part.

One of the themes is in form of an Azeri national song.

Coda is based on the main theme. Towards the end, violin solo steps in beautifully enhancing the developments of the first part of the concerto.

Second part of the concerto is a complex three-section form. In the beginning a melancholy blues theme conveys a dreamy, contemplating image. Violins play the main part here, they sound warm and touching, as a monologue of a sullen soul. Then piano joins the violins with colorful harmonies.

Middle section of the second part of the concerto in contrast is very dynamic and filled with vibrant rhythms. Here, violin's song, delivering expressive declamation combined with certain degree of tenderness, flows freely.

Third part of the concerto is in the form of sonata. Somewhat solemn beginning serves as introduction to the main musical theme with its rhythmical dynamic core. Three-tone harmony provides for a certain sensible tension. Mixed syncopation accentuates jazz rhythm and general expressional eloquence of this third part of the concerto.

There is a beautiful theme going along side the main one. Here a poetic image of peaceful nature creates an impression of constant flow of a creek. Emotions accentuate as this line develops into a rhythmical phase saturated with jazz elements.

Main theme evolves in an impressive piano part.

There is a connotation of lyric popular national song of part one of the concerto. Then, in coda, main theme of part one sounds along side main theme of part three in harmony.

In conclusion, Concerto #6 for Violin and Symphony Orchestra is yet another definite step up in Professor Tofiq Bakikhanov's impressive career.

First performance of the Concerto #6 took place in 2006 at the National Philharmonic named after M. Magamaev, at the composer Tofiq Bakikhanov 75 years anniversary concert.

Violinist Tofa Babayeva delivered wonderful performance, with great talent expressing emotional ton and rhythmical contrasts of the music.

Conductor Professor Rauf Abdulaev, Honorary Artist of the Azerbaijan Republic, talented interpreter of works of many Azeri composers, skillfully delivered emotional gamma of this particular piece in its entirety.
