She Has My Heart:
Harp & Bass Clarinet
Suite

This music is intended for entertainment, and for the advancing bass clarinetists exploring the realm of atonal contemporary music. The harp part could very well be a piano part, and the Bass clarinet can be substituted for standard Bb clarinet. Tempos are not marked numerically, as to encourage the finding of an agreeable tempo within the ensemble. Breath marks are only a suggestion, feel free to breath where ever most comfortable. Thank you for taking the time to read this and thank you for appreciating my humble music.
