Vorbericht.

eit der vortreflichen Paffionskantate des Herrn Ramlers, die der verewigte Graun gleich vortreflich componirt hat, und die unter dem Titel: Der Tod Jesu, gedruckt worden, ist dieß die zweyte Passionsmusik, die in vollskändiger Partitur im Drucke erscheint. Anger England, bat ein Componift felten das Gluck, ein ganges Werk von feiner Arbeit, in Partitur, gedruckt zu feben. Die deutschen Preffen muffen Auszuge fur das Clavier liefern, wenn fie nicht zu ihrem Schaden arbeiten follen. Unfere Liebhaber fagen immer, daß fie fich in die Partitur nicht finden konnten; gleich als ob es ihnen eine Ehre mare, sich nicht darein zu finden, und sie es daher auch nie lernen durften. Dennoch wird der Liebhaber, der Harmonie ftudiert, diese, ihrem Gebrauche nach, nirgends beffer versteben lernen, als aus den Partituren folcher Meifter, die ben der grundlichsten Kennt= niß derfelben, auch Geschmad und Ueberlegung besagen; des Bergnügens zu geschweigen, das man benm Durchlefen solcher Werke nothwendig empfinden muß, wenn man fo mancherlen Stimmen und Inftrumente, alle auf einen gemeinschaftlichen Punct gerichtet, alle nach ihrer Art verschieden, und doch aufs genaueste vereinigt findet. Ich erinnere mich hier eines guten Worts, das ich oft von meinem Lehrer, dem seligen Schöttgen, damaligen Rector an der Kreuzschule zu Dregden, gehort habe, und das bier nicht am unrechten Orte fiehen wird, wenn es auch nur dienen follte, das Andenken dieses gewiß verehrungswürdigen Mannes ben einigen zu erneuern: "Meine Kinder!,, fagte er: "ich habe oft über die Operationen der menschlichen Seele meine Betrach= "tungen angestellt; aber nie habe ich sie wunderbarer gefunden, als in der Arbeit-eines Componissen, der ein Stud aus so viel "Stimmen zusammen fest, jeder ihren eigenen Gang, ihr eigenes Wefen giebt; und dennoch find fie alle so eintrachtig, als ob es "nur eine Stimme mare."

Auch dem jungen Componisten, der den Kopf immer voll Melodien; und aus Anhörung vieler Musik, die Form gewisser Stücke sich einigermaßen bekannt gemacht hat, nun aber, wenn es zum Schreiben kömmt, mit der zwenten Stimme verdirbt, was die erste gut macht; auch diesem kann nicht besser gerathen werden, als weniger zu schreiben, und destomehr zu lesen; solche Partituren zu lesen, die die musikalische Welt für classische erkennt. Und daß die Partituren unsers Homilius einen Plaß unter diesen behaupten, wird wohl niemand, der von Neide und Parthenlichkeit fren ist, streitig machen wollen. Nicht also blos aus Freundschaft für den Verfasser, und aus Achtung gegen seine Verdienste; sondern aus Liebe zur Musik, und aus Begierde, den Liebe habern derselben auf mancherlen Weise zu dienen, habe ich die Bekanntmachung dieses Werks unternommen.

Johann Abam Siller.
