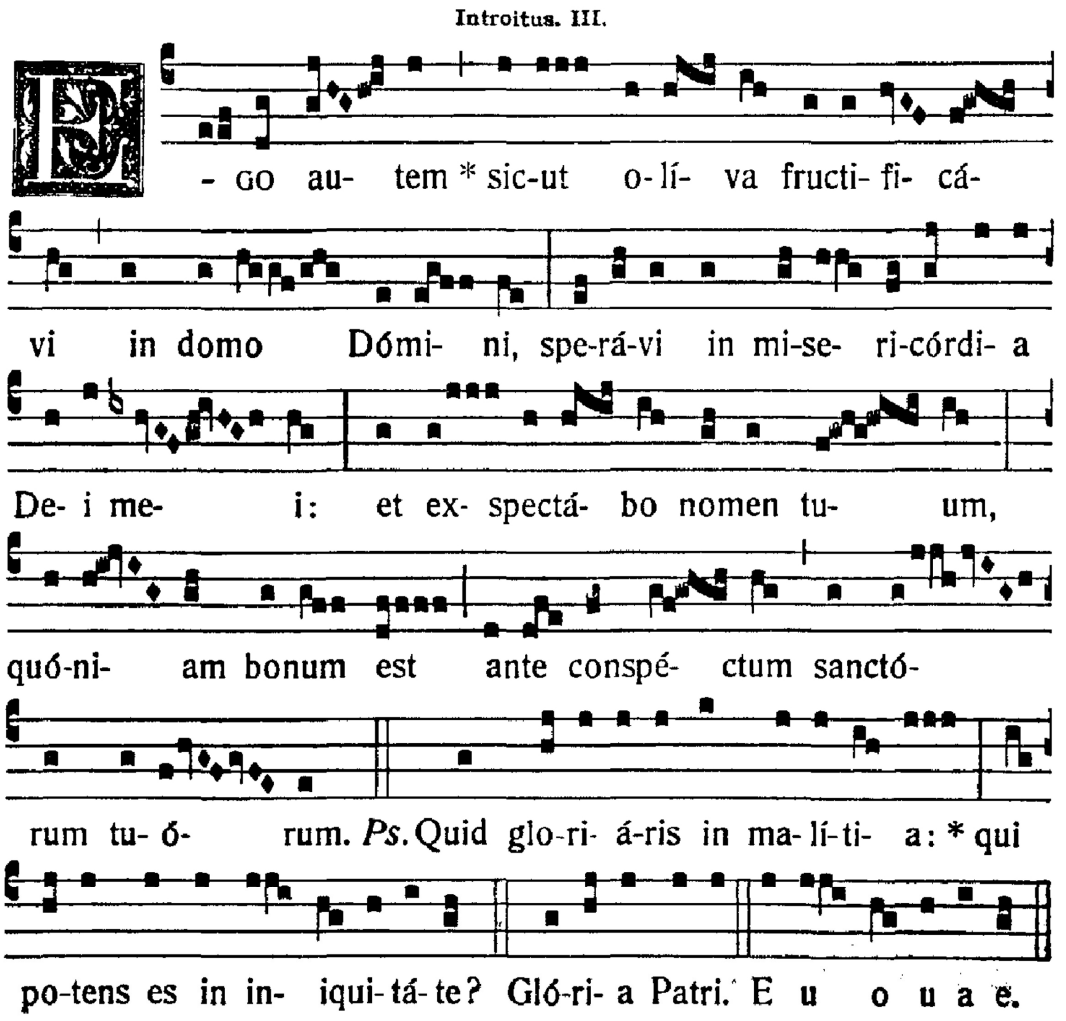
* Zvukovni materijal snimljen na "vrpcu" podijeljen je u 5 dijelova (take 1-5), koje je u trenutku izvedbe potrebno reproducirati redom u trenucima obilježenima u partituri. Taj je materijal dobiven elektroakustičkim transformacijama dijelova snimki mojih prethodnih skladbi: 1. i 2. gudačkog kvarteta, Suite za puhački kvintet i moteta "O vos omnes" kojega izvodi vokalni kvartet. Transformacije su izvedene primjenom spektralne resinteze snimljenog materijala što dozvoljava oštro pojasno filtriranje s promjenjivim kontroliranim parametrima, kao i ekstremno dilatiranje. Dodatno je korišten simulator jeke. Doza odjeka, kao i panorama svih segmenata materijala, kontrolirano se mijenjaju u vremenu. Grafička reprezentacija vrpce u partituri otprilike prikazuje zbivanja i promjene unutar snimljenog materijala i informativnog je karaktera. (L. M.)



Faksimil gregorijanskog korala na kojemu je temeljena skladba.
