PIANOFORTE INSTRUCTION BOOKS

Appreciated by Teachers and Pupils

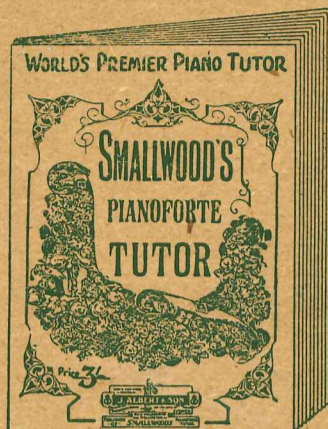

SMALLWOOD'S PIANOFORTE TUTOR

The world's Premier Instruction Book for Piano, used by all successful Music Teachers, Convents, and Colleges, because the best results are obtained by pupils when SMALLWOOD'S PIANO TUTOR is used.

From the beginning Smallwood's Pianoforte Tutor takes the student through gradual and easy stages of pianoforte playing, giving a complete and comprehensive knowledge of the Theory of Music, and the best methods of acquiring a good technique. For a thorough grounding in musical notation it is unequalled; the method of instruction is so clear and simple that the SMALLEST CHILD FINDS IT QUITE EASY TO UNDERSTAND the instruction, grasping at once the lessons on Time and the value of the different notes (special easy exercises being written to demonstrate each point). Valuable studies are also given for making the fingers and wrists strong and supple.

Another novel and improved idea contained in this wonderful book is that the student is thoroughly grounded in each Key before being allowed to learn another. For example, in the Key of C (the Natural Key) the student is taught the SCALES, ARPEGGIOS, and CHORDS belonging to that Key, and several TUNEFUL EXERCISES and EASY PIECES also, each in a different time and tempo, so that with very little effort the pupil is thoroughly acquainted in the happiest manner with all that should be learned in each stage before passing on to the next.

THE EASIEST TO TEACH
AND THE EASIEST TO
LEARN FROM.

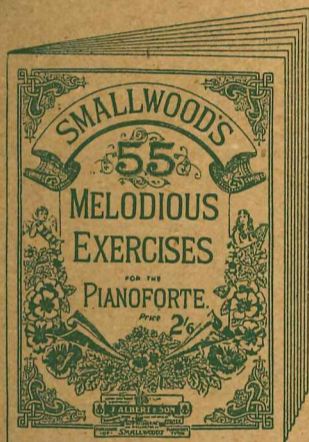

A full list of Scales, Major and Minor, so necessary to the progress of every pianist, is included, also a Dictionary of Musical Terms, and questions and answers in the Theory of Music. Thus, when an adult or a child learns from SMALLWOOD'S PIANO TUTOR, all the difficulties encountered by pupils in days of old (causing many a weary sigh and heartache) simply cease to exist, and instead we find a happy facility and the smile of pleased accomplishment.

We know that Teachers of the Pianoforte all over the world fully understand and appreciate the benefit to be derived by their pupils through the teaching given in SMALLWOOD'S PIANOFORTE TUTOR, and we also know that to large numbers of people living in the country, who have not the city advantages of tuition, this Instruction Book will prove a boon and a blessing, for, with a little perseverance and the necessary practice, YOU CAN TEACH YOURSELF TO PLAY THE PIANO with the assistance of this wonderful Tutor. Therefore, if you wish to learn, or desire that your children shall be taught, you cannot do better than buy at once a copy of SMALLWOOD'S TUTOR FOR THE PIANOFORTE.

SMALLWOOD'S PIANO TUTOR is published with both English and Continental fingering. When ordering copies state which fingering you require.

Eldorado.

Gaily bedight,
A gallant knight,
In sunshine and in shadow,
Had journeyed long,
Singing a song,
In search of Eldorado.

But he grew old —
This knight so bold —
And o'er his heart a shadow
Fell as he found
No spot of ground
That looked like Eldorado.

And, as his strength
Faded him at length
He met a pilgrim shadow —
"Shadow," said he
"Where can it be —
This land of Eldorado?"

"Over the mountains
Of the moon,
Down the valley of the shadow,
Ride, boldly ride,"
The shade replied, —
"If you seek for Eldorado!"

TWO STIRRING MARCHES

by E. T. PAULL, THE WORLD'S MARCH KING

THE FOUR HORSEMEN of the Apocalypse

This Historical Descriptive March has all the elements that stir the imagination. Founded upon the prophetic vision of St. John the Divine, it portrays in Music the story of ancient Rome—Rome when it was a name to conjure with and Rome when it was in the depths of decay. The symbols used, which characterise the four steps in the rise and fall of the mighty empire of the past, are The White Horse, The Red Horse, The Black Horse, and the Pale Horse, from whence the composition derives its name.

With this March is included an interesting and authentic article, explaining what the Four Horsemen represent.

TOP OF THE WORLD March and Two-Step

"Top of the World" is a Descriptive March, with Title and Musical treatment vividly describing the trip of discovery of the North Pole, replete with all the thrilling, stirring, and beautiful expressions, which E. T. Paull interprets so splendidly in March Music.

E. T. Paull, known to the Music world as a tireless worker, artist and musician, was born in Virginia, and spent many years at Richmond, Virginia, and Lieut. Com. R. E. Byrd, to whom this splendid Paull March, "Top of the World," is dedicated, is also a native of Richmond, Virginia.
