PRAESTANTISSIMO VIRO D. VLRICHO Varenbulero Imperialis iudicij Vicecancellario, D. & patrono ſuo eximio, Petrus Schefferus. S. D.

CVm iam aliquamdiu ornatiſſime uir & optime patrone, mea uoluntate, & non abſq; certarum cauſarum impulſu, labore & opere excudendarꝫ cantionum penè in totum ſuper ſediſſem. Cæperunt non pauci tum Germaniæ tum Galliæ typographi muſicas res, interciſis linearum ductibus, eiſdemq; notarum rhombis per medium diuiſis impreſſas, tanta copia publicare, ut omnia paſſim bibliopolia illis completa tantum non cantillent. Ego tametſi in eo negocio primum libenter & plurimum uerſatus fui, ſtatueram tamen unus illorum multitudini locum dare: neq; à propoſito conſilio diſceſſiſſem, niſi me tua præſtantia, quę mihi iam inde à multis annis & notiſsima, & non uulgari beneuolentia me proſecuta fuit, ab inſtituta ceſſatiõe ad intermiſſi muneris penſum & operam crebris admonitionibus reuocaſſet. Nam animum quem mihi illi immoderatione ſuarum editionum ademerant, tu tuis exhortationibus imò prouocationibus reſti-

tuis, atq; adeo ut mihi hodie propenſior (quæ tua in perſuadendo dexteritas eſt) ad priſtinos meos labores mihi uidear, quam unquam prius fuerim. Reſpondiſſem autem iamdudum ſecundæ tuæ uoluntati, niſi mihi materia Muſices tuis digna uotis defuiſſet. Nam quam habebam partim non tam mearum, quàm huius artis doctiſsimorum hominum, quorum hic non pauci ſunt iudicio aurium talis uidebatur, quæ in publicum peruenire non deberet, partim ab alijs iamdudum uulgata fuerat. Iam uero tandem præter ſpem quidem, at non ſine felici quodam auſpicio theſaurus cantionum ſummi pretij ex Italia ad me perlatus eſt, quē D. Hermannus Mathias Verrecoren. negocij muſici primarię Eccleſię Mediolani magiſter, uir, præter alias uirtutes, in ea arte maximopere doctus, nuper ad me miſit: Ea Muſica noſtræ Germaniæ, quantum ſcio, nondum uiſa. Nullus eſt cantuum, qui non quinq; aut ſex uocū concentibus æquabiliter temperatis concinnatus ſit, è quorum numero, qui mihi non exiguus eſt, has (ut muſici uocant) partes, tuo nomini conſecratas, tanquàm guſtum aliarum exhibere uolui: ſubinde plures atq; plures, Deo fortunante, in lucem prolaturus. Tu interim his contentus, alias breui fortaſſe ſecuturas feliciter expecta: & hanc noſtram editiunculam æquo animo ferre digneris, mei tui clientis memor. Vale.
