The figured bass was taken from: Philipp Spitta (Editor), Heinrich Schütz, Sämtliche Werke, Band 8, Breitkopf und Härtel, Leipzig, 1889. ([https://imslp.org/wiki/Sämtliche_Werke_\(Schütz,_Heinrich\)](https://imslp.org/wiki/Sämtliche_Werke_(Schütz,_Heinrich)))

Lyrics

Some changes were made to the lyrics: The spelling has been adjusted to modern German (as long as it did not affect pronunciation) to make it easier to read. Cases have also been changed in a few places. However some older words (like ‘empfahen’ instead of ‘empfangen’) or older versions of grammatical gender (like ‘der Reben’ instead of ‘die Rebe’) were left as in the facsimile.

Furthermore, most of the punctuation is not original but inserted to improve readability.

Keys

The following gives the piece in the original key, which should be performed with a pitch around A = 465 Hz (Chorton), as well as a version one tone higher for instruments tuned to A = 415 Hz.

Lyrics

Some changes were made to the lyrics: The spelling has been adjusted to modern German (as long as it did not affect pronunciation) to make it easier to read. Cases have also been changed in a few places. However some older words (like 'empfahen' instead of 'empfangen') or older versions of grammatical gender (like 'der Reben' instead of 'die Rebe') were left as in the facsimile.

Furthermore, most of the punctuation is not original but inserted to improve readability.

Keys

The following gives the piece in the original key, which should be performed with a pitch around A = 465 Hz (Chorton), as well as a version one tone higher for instruments tuned to A = 415 Hz.
