Concerti Grossi after Corelli's Violin Sonatas, Op. 5 Edition Notes

This edition of the Geminiani Concerti Grossi after Arcangelo Corelli's Violin Sonatas, Op. 5[†] is the first new performance edition since 1753, when it was published in Paris by Le Clerc. The undertaking was inspired first, by the desire to read these works with friends; second, by the isolating restrictions of the Covid-19 virus which kept us all from gathering to make music and gave me a bunch of free time; and third, by the difficulty these old eyes experienced when trying to read even the excellent copies of the first edition parts published in 1726 and 1729 (perhaps) by John Walsh of London and made available to all through the magic of the internet and IMSLP, in particular.

The sources for the present edition are the parts published by John Walsh of London in 1726 and 1729 (perhaps). No attempts have been made to adjudicate, incorporate or annotate differences between the Walsh and Le Clerc editions.

NB: Christopher Hogwood began a modern edition of these works but did not complete the edition. The scores are available from UT Orpheus – at this time, performance parts are not available. These scores were not known to me until I had completed copying and formatting all but *Folia*.

At the beginning of the effort, I made editorial decisions regarding metronome markings, dynamic agreement between the first edition parts, performance practice, and note pitch when the first edition parts proved visually challenging. I was subsequently convinced by friends, that, not being a musicologist, nor all that well trained in music theory, my contribution should be as copyist and printer, annotating where I had made pitch decisions, but making no other changes or additions to the first edition parts. Unfortunately, the process of editing to rediscover the perhaps five or ten pitch decisions in seven to ten thousand measures of music has proven too much for my copy editing skills and I leave that to someone in the future to make a scholarly edition. I have also decided to retain the metronome markings – after all, metronome markings are, as the pirate said about the Pirates' Code of Honor, "They be more like guidelines."

As it stands, the edition is now complete, having the following characteristics:

- Each concerto grosso is published independently in a PDF file containing a full score, a set of parts and a separate Basso-Continuo part which is identical to the Basso-Ripieno part as shown in the score.
- In these editions, the figured bass notation has been removed from the Violoncello and Basso-Ripieno performance parts, though it is shown in the score. No effort was made to rectify the large number of differences between Violoncello and Basso-Ripieno parts in the first edition.
- The score and parts are laid out for backed-up (front/back) printing. Score and parts each contain an even number of pages, guaranteeing proper page turns for the performance parts. The score has a color front cover and dedication page, a title page and back cover. Each performance part has a title page and back cover.
- Hopefully, there are few, if any, copyist errors.

I'd like to thank composer Tom Febonio for his input on formatting and other publishing issues; musicologist James Clements for advising me of the Hogwood edition; and composer/musicologist Forrest Larson for his review of this set and for his insistence that I remove my editorializing.

I personally look forward to a better time for the world so that we can all gather again to appreciate the musical arts.
