## SONATA

dedicata al Conte von Waldstein

Op. 53.

*Composta nel 1804,  
pubblicata in maggio 1805  
presso il "Bureau des arts  
et de l'industrie,, di Lipsia.*

Allegro con brio  $\text{d}=168-176$

a) Bülow raccomanda di equiparare la  $\text{\ddot{o}}$  a  $\text{\ddot{o} \ddot{o}}$  senza corona. Però avendo la corona per scopo di spezzare momentaneamente il ritmo, e non soddisfacendo affatto a ciò il semplice raddoppio aritmetico della battuta, io raccomanderei invece:

della sonorità del pianoforte:

a) Bülow recommande d'égalier la  $\text{\ddot{o}}$  à  $\text{\ddot{o} \ddot{o}}$  sans point d'orgue. Pourtant le point d'orgue, ayant pour but de briser momentanément le rythme, et le simple redoublement arithmétique n'y atteignant pas, je recommanderais au contraire:

suivant la sonorité du piano.

a) Bülow recommends the equalising of  $\text{\ddot{o}}$  with  $\text{\ddot{o} \ddot{o}}$  without a pause. However the aim of the pause being momentarily to break the rhythm, and the simple arithmetic reduplication failing to do so, I, on the contrary, recommend:

or else:

to the sonority of the instrument.

E.R.2

The sheet music consists of six staves of piano music. The first staff has a treble clef and a key signature of one sharp. It features a melodic line with fingerings (1, 2, 3, 4, 5) and dynamic markings like 'oppure', 'sff', 'sf', 'sf', and 'sff'. The second staff has a bass clef and a key signature of one sharp. It includes fingerings (1, 2, 3, 4, 5), dynamics 'p', 'decresc.', and 'pp', and a tempo marking 'cresc.'. The third staff continues the bass line with fingerings (1, 2, 3, 4, 5), dynamics 'fp (tranquillo)', and a tempo marking '(ten.)'. The fourth staff shows a treble clef and a key signature of one sharp. It has fingerings (1, 2, 3, 4, 5) and a dynamic 'fp'. The fifth staff has a bass clef and a key signature of one sharp. It features fingerings (1, 2, 3, 4, 5) and a dynamic 'fp' with a tempo marking '(ten.)'. The sixth staff concludes with a treble clef and a key signature of one sharp. It includes fingerings (1, 2, 3, 4, 5), dynamics 'p subito', 'pp leggero e sottovoce', and '1C.', and a tempo marking 'E.R.2'.

The musical score consists of six staves of piano music. The top staff uses treble and bass clefs. The second staff uses bass clef. The third staff uses bass clef. The fourth staff uses bass clef. The fifth staff uses treble and bass clefs. The sixth staff uses bass clef.

Annotations and performance instructions include:

- Top Staff:** Fingerings 3, 5, 4, 5, 4, 2; dynamic *p subito*; dynamic *pp legg. e sottovoce*; dynamic *1 C.*
- Second Staff:** Fingerings 1, 2, 2; dynamic *a) (sempre legg. e stacc.)*.
- Third Staff:** Fingerings 3, 2, 1; dynamic *1*.
- Fourth Staff:** Fingerings 1, 2, 3, 2, 1; dynamic *1*.
- Fifth Staff:** Fingerings 5, 4, 3, 2, 1; dynamic *(Animato)*; dynamic *(p)*; dynamic *legg. e non legato*; instruction *senza pedale*.
- Sixth Staff:** Fingerings 1, 4; dynamic *3 C. cresc.*; dynamic *f*; dynamic *1 C. p*.
- Bottom Staff:** Fingerings 2, 3, 4, 5; dynamic *3 C. o cresc.*; dynamic *f*.

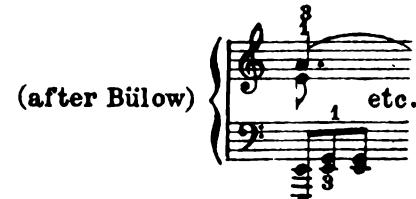

a) Se a qualche *purista* dispiacesse il salto anormale della settima nel basso, l'estensione della tastiera moderna gli permetterà di correggere così:

a) Si le saut anormal de la septième dans la basse déplaît à quelque puriste, l'extension du clavier moderne lui permettrait de corriger ainsi:

a) If the unusual leap of the seventh in the bass displeases certain *purists*, the extension of the modern keyboard will admit of the following correction:

The musical score consists of five staves of piano music. The top staff is in G major (F#) and the bottom staff is in C major (F). The music includes dynamic markings like *pp*, *cresc.*, and *f*; fingerings like 1, 2, 3, 4, 5; and performance instructions like *ecc.* and *etc.*. The score is divided into measures by vertical bar lines and measures are grouped by horizontal bar lines. The music is written in common time.

a) Le prime edizioni e l'autografo hanno *fa, sib, reb, fa*. Però l'autorevole edizione di Czerny ha invece *fa, lab, reb, fa*, il quale accordo di 6<sup>a</sup> è indubbiamente più logico e di miglior effetto della 6<sup>a</sup> tradizionale. La grande serietà di Czerny e la venerazione ch'egli aveva per il suo glorioso Maestro inducono a pensare che Beethoven stesso gli avesse suggerito questo cambiamento posteriormente alla pubblicazione del 1805.

a) *Les premières éditions et le manuscrit portent fa, sib, réb, fa. Pourtant l'importante édition de Czerny porte au contraire fa, lab, réb, fa, accord de sixte infiniment plus logique et de meilleur effet que l'accord traditionnel de quarte et sixte. La grande conscience de Czerny, la grande vénération qu'il avait pour son glorieux Maître, induisent à penser que Beethoven lui-même lui avait suggéré ce changement, postérieurement à l'édition de 1805.*

a) The first editions and the manuscript have F, B flat, D flat, F. On the other hand, Czerny's authoritative edition has instead F, A flat, D flat, F, which «chord of the sixth» is undoubtedly more logical and of better effect than the traditional «chord of the six-four». Czerny's great conscientiousness, and his great veneration for his glorious master, lead me to suppose that Beethoven himself had suggested this change after the publication in 1805.

The musical score consists of five staves of piano music. The top two staves are treble clef, and the bottom three are bass clef. The first staff begins with a dynamic *f*, followed by a measure with fingerings 1, 3, 5, 2, and 1. The second staff starts with *f* and has fingerings 1, 3, 5, 2, and 1. The third staff is labeled *(poco allarg.)*. The fourth staff starts with *decresc.* and has fingerings 1, 2, 1. The fifth staff is labeled *(a tempo)*, *1 C.*, and *ppp (lontano e molto confuso) a)*. It includes fingerings 5, 1, 2, 3, 5, 1, 2, 3, 5, and *simile*. Below this staff, the instruction *(sfiorando appena le note)* is given. The sixth staff continues with *simile* and *(sfiorando appena)*. The seventh staff begins with *poco a poco cresco.* The eighth staff starts with *simile sempre*. The ninth staff is labeled *3 corde*. The music concludes with a final staff.

*a)* La pedalizzazione di questo passo potrà forse parere arrischiata a certi orecchi conservatori. Io credo però che, nella fantasia di Beethoven, queste 14 battute di «dominante» appartenessero piuttosto all'ordine del *rumore* che a quello della musica. Da una sonorità sorda, caotica, lontanissima far sorgere progressivamente uno sprazzo di luce abbagliante: ecco, secondo me, il senso espressivo di questo brano, che potrebbe benissimo aver dato origine al titolo «L'aurora».

*a)* La pédalisation de ce passage paraîtra peut-être risquée à certaines oreilles conservatrices. Je crois pourtant que, dans l'imagination de Beethoven, ces 14 mesures de «dominante» appartenaient plutôt à l'ordre du bruit qu'à celui de la musique. D'une sonorité lointaine, sourde, chaotique, faire surgir progressivement un flot de lumière aveuglante, tel est, selon moi, le sens expressif de ce passage, qui pourrait très bien être l'origine du titre: «L'aurore».

*a)* The pedalling of this passage may perhaps seem very daring to certain conservative ears. I believe, however, that in Beethoven's imagination, these 14 bars of the «dominant» belonged more to the order of «noise» than of music; but of a muffled sound, confused and far off, to cause to arise gradually a flood of blinding light, such is, according to my mind, the expressive significance of this passage which may very well have been the origin of the title «The Aurora».

The musical score consists of four staves of piano music. The first staff (top) shows a melodic line with fingerings (e.g., 1, 2, 3, 4, 5) and dynamic markings like *sfp* and *decresc.*. The second staff (middle-left) has a bass line with fingerings (e.g., 1, 2, 3, 4, 5). The third staff (middle-right) contains a short section labeled "Oppure Ou bien Or else". The fourth staff (bottom) shows a melodic line with fingerings (e.g., 1, 2, 3, 4, 5) and dynamic markings like *pp*, *cresc.*, *tr.*, *m.d.*, and *poco espress.*. The score is divided into sections labeled "1 C." and "3 C.".

a) Bülow ha qui, al primo quarto:

etc., il che è simmetrico colla prima volta. L'ipotesi di un errore del manoscritto è plausibile, tanto più che sull'autografo il passo sta scritto così:

etc., e che gli spostamenti erronei di terza sono assai frequenti nei casi ove si adoperano molti tagli addizionali.

a) Bülow a ici, au premier temps:

etc., ce qui est symétrique avec la première fois. L'hypothèse d'une erreur du manuscrit est plausible, d'autant plus que le passage y est écrit ainsi :

etc., et que les déplacements erronés de tierce sont très fréquents dans les cas où on emploie beaucoup de lignes supplémentaires.

a) Bülow has here, on the first beat:

etc., which is symmetrical with the first time. The hypothesis of a clerical error is plausible, the more so, that in the manuscript the passage is written thus:

etc., and that the erroneous displacement of the third is very frequent in cases where many leger lines are used.

The musical score consists of five staves of piano music. Staff 1 (top) starts with a dynamic of **1 C. pp**. Staff 2 (middle) has a dynamic of **3 C.** and a marking **(idem)**. Staff 3 (second from top) has a dynamic of **cresc.**. Staff 4 (third from top) has dynamics of **f**, **sf**, and **sf**. Staff 5 (bottom) has dynamics of **sf** and **ff**.

a) L'edizione di d'Albert ha: ( ) ;

ma si tratta di una opinione sua personale, non giustificata da nessuno dei testi originali, e ancor meno dall'ingannevole apparenza di simmetria colla quarta battuta seguente.

a) L'édition de d'Albert porte: ( ) ;

mais il s'agit d'une opinion qui lui est personnelle, n'est justifiée par aucun texte original, et encore moins par l'apparence trompeuse de symétrie avec la quatrième mesure suivante.

a) E.d'Albert's edition has: ( ) ;

but here it is a question of his own personal opinion, which is not justified by any of the original texts, and still less by the deceptive appearance of symmetry with the fourth bar that follows.

100 INTRODUZIONE <sup>a)</sup>Adagio molto  $\text{♩} = 60$ 

a) Non è cosa a tutti nota che questa sonata comprendeva, in origine, un *andante* di notevole sviluppo (in *fa magg.*, a  $\frac{3}{8}$ , in forma di tema variato). Sembra, a quanto dice Ries, che gli amici di B. lo consigliassero a pubblicare separatamente questo pezzo, onde ridurre la sonata a dimensioni meno anormali per l'epoca. D'altronde questo *andante* era assai inferiore ai due altri tempi. Esso fu pubblicato dapprima sotto il titolo: *Andante favori*. Si trova, fra molte altre edizioni, nel terzo volume di quella Lebert-Cotta senza num. di op.

b) La seguente disposizione grafica renderà assai più intelligibile questo mirabile periodo:

a) On sait peu que cette sonate comprenait, à l'origine, un *andante de développement important* (en *fa maj.*, à  $\frac{3}{8}$ , en forme de thème varié). Il semble, à ce que dit Ries, que les amis de Beethoven lui aient conseillé de publier séparément ce morceau, afin de réduire la sonate à des proportions moins anormales pour l'époque. Cet *andante*, d'ailleurs, était très inférieur aux deux autres mouvements. Il fut publié d'abord sous le titre d'*Andante favori*. Entre autres éditions, on le trouve dans le troisième volume de celle de Lebert-Cotta, sans N° d'Op.

b) La disposition graphique suivante rendra beaucoup plus intelligible cette admirable période:

a) It is not generally known that this Sonata comprised, originally an *Andante de développement important* (in F major in  $\frac{3}{8}$  time in the form of a theme with variations). It seems, from what Ries has said, that Beethoven's friends had advised him to publish this piece separately, in order to reduce the Sonata to proportions less abnormal for that epoch. This *Andante* was, besides, very inferior to the other two movements. It was first published under the title of the «*Favorite Andante*». Among other editions, it is to be found in the third volume of Lebert and Cotta's, without Opus number.

b) The following disposition, as regards the writing, will make this marvellous passage much more intelligible.

The musical score consists of five staves of piano music. The first three staves are in common time, while the last two are in 2/4 time. The music includes dynamic markings such as *p*, *pp*, *cresc.*, *decresc.*, *poco espr.*, *molto espress.*, *(f)*, *sf*, *sf (forte)*, *sf (non sf)*, *sf (non sf)*, *poco rit.*, *poco espress., flebile lunga*, *sempre più pp*, *sf poco*, and *attacca subito il Rondo.*. Fingerings are indicated by numbers above the notes. The score is annotated with several descriptive phrases in Italian:

- (la m.d. poco a poco più espressiva)*
- (il basso sempre espress.)*
- a) (non sf)*
- (poco rit.:.....)*
- poco espress., flebile lunga*
- sempre più pp*
- sf poco*
- attacca subito il Rondo.*

a) Il carattere espressivo della m.d., costringente imperiosamente l'esecutore ad accentuare e mantenere la nota inferiore di queste ottave, mi ha indotto a modificare lievemente la grafica originale, la quale era:

a) Le caractère expressif de la m.d., obligeant impérieusement l'exécutant à accentuer et à maintenir la note inférieure de cette octave, m'a induit à modifier légèrement la disposition graphique originale, qui était:

a) The expressive character of the right hand, which imperiously obliges the player to accentuate and sustain the lower note of this octave, has induced me to modify slightly the original disposition as regards the writing, which was:

a) Il pedale delle 40 prime battute è originale di Beethoven. Esso è stato soppresso da tutti i virtuosi-revisori (Bülow, Klindworth, d'Albert, ecc.) con gravissimo danno dell'equilibrio sonoro. I segni di Beethoven provano che egli subordinava, con ragione, la chiarezza delle armonie superiori al mantenimento dei bassi e .

Sidovrà però suonare il più *ppp* possibile, sfiorando appena i tasti, per ottenere quella sonorità eterea e diafana che sentiva Beethoven. Strano caso, questo effetto di pedale che, immaginato nel 1804 da un genio audacissimo, doveva attendere più di un secolo per essere accolto e difeso dai musicisti della nostra generazione!

a) La pédale des 40 premières mesures est de Beethoven lui-même. Tous les virtuoses-reviseurs (Bülow, Klindworth, d'Albert etc.) l'ont supprimée au grand dommage de l'équilibre sonore. Les signes de Beethoven prouvaient qu'il subordonnait, avec raison, la clarté des harmonies supérieures à la tenue des basses et .

On devra pourtant jouer le plus *ppp* possible, effleurant à peine les touches, pour obtenir cette sonorité éthérée et diaphane, que sentait Beethoven. Etrange cas que celui de cet effet de pédale qui, imaginé en 1804, par un génie audacieux, devrait attendre plus d'un siècle pour être accueilli et défendu par les musiciens de notre génération!

a) The pedal marked for the first 40 bars is by Beethoven himself. All the virtuoso revisers (Bülow, Klindworth, d'Albert etc.) have eliminated it to the great detriment of the tonal equilibrium. Beethoven's signs prove that he subordinated, with good reason, the clearness of the higher harmonies to the sustainment of the bass-parts and .

This should be played, as *pianissimo as possible*, hardly touching the keys in order to obtain that ethereal and diaphanous sound that Beethoven felt. It is strange that this pedal-effect conceived in 1804 by a daring genius, should have to wait for more than a century in order to be accepted and defended by musicians of our generation!

Il faudra se préoccuper, avant tout, de l'exécuter le plus rapidement possible, de plus il sera bon de toujours faire coincider la note inférieure ( ) du trille avec chacune des notes de la mélodie (y compris les deux premières), afin d'obtenir une plus grande énergie de la main droite.

*a)* I consider it absolutely useless to assign any precise rhythmical figure to this trill. Above all, it should be played as rapidly as possible. Moreover it will be well always to

make the lower note ( ) of the trill coincide with each of the notes of the melody (including the two first) in order to obtain greater energy in the right hand.

*b)* It is necessary to bear in mind, in this difficult passage, that the melody is always to be found on the second semi-quaver, thus:

One should, therefore, accentuate it sufficiently to make it easily discernible.

*a)*

*b)*

*a)* Beethoven voleva che il pedale fosse mantenuto per le prime 8 battute e  $\frac{1}{2}$  del Prestissimo. Anche sul pianoforte odierno si può rispettare questa sua intenzione, a patto però: 1º) di suonare *pp* (*una corda*) subito dopo il primo *f*, in modo che ne risulti una sonorità assai confusa per cominciare; 2º) di sollevare adagio il pedale destro durante la linea  $\text{---}$ , così da averlo completamente tolto al segno  $\text{—}$ .

*b)* Pedale di Beethoven.

*a)* Beethoven voulait que la pédale fût tenue pendant les 8 premières mesures et  $\frac{1}{2}$  du Prestissimo. On peut respecter son intention sur le piano moderne, à condition toutefois: 1º) de jouer *pp* (*una corda*) tout de suite après le premier *f*, de façon à obtenir une sonorité très confuse pour commencer; 2º) de soulever lentement la pédale droite pendant la ligne  $\text{---}$ , pour l'enlever complètement au signe  $\text{—}$ .

*b)* Pédale de Beethoven.

*a)* Beethoven wished the pedal to be sustained for the first  $8\frac{1}{2}$  bars of the *Prestissimo*. One can respect his intention on the modern pianoforte, on condition, however, (1) that one plays *pianissimo* (*una corda*) immediately after the first *f* in such manner as to obtain a very confused sound to begin with; (2) that one raises the right pedal slowly during the line  $\text{---}$  so as to raise it completely at the sign  $\text{—}$ .

a) Non tutti i pianoforti odierni hanno tastiere che consentano il *glissé* pianissimo, né tutte le mani vi sono atte. Nell'uno come nell'altro caso, è consigliabile la modifica-  
zione soprastante qui all'originale, analogu-  
in gran parte a quella preconizzata da H.  
v. Bülow allo stesso scopo.

a) Le claviers de tous les pianos modernes ne permettent pas le *glissé* pianissimo, et toutes les mains ne peuvent le faire. Dans l'un et dans l'autre cas, il est conseillable de se servir de la modification ajoutée ici à l'original, analogue en grande partie à celle préconisée par H. von Bülow dans le même but.

a) Not all modern pianos have keyboards that admit of a *glissé* pianissimo, nor can all hands produce it. In one case as in the other the modification here added to the original is advisable, analogous in great measure to that recommended by H. von Bülow, with the same end in view.

(sempre la melodia un poco marcata)

a) Il manoscritto ha qui una nota autografa di Beethoven, ove egli suggeriva le due seguenti «facilità», per coloro che trovassero troppo difficile il trillo:

(questa è ineseguibile). Se anche tali espedienti non hanno più ragione di esistere per i tecnici odierni, cionondimeno è interessante sapere che nella medesima «nota» l'autore dice «non essere necessario che il trillo sia molto rapido». Riguardo alla figurazione ritmica dei trilli, ripeto che nessuno dei sistemi escogitati dagli uni e dagli altri per misurare il trillo mi sembra raccomandabile. Bisogna sovrattutto preoccuparsi di due cose: di suonare con dolcezza la melodia, e di trillare abbastanza rapidamente, ma senza durezza. Per ciò che concerne la nota di attacco dei vari trilli, credo che si debbano cominciare colla nota

superiore quelli del sol: ;

che i seguenti, cioè quelli dei: , debbano invece venire iniziati colla nota principale, a scopo di maggior chiarezza; e

che infine i due ultimi: e , si debbano di nuovo attaccare colle note ornamentali, come d'altronde sono notati. Quanto sta qui scritto è dedotto da un accuratissimo studio della grafica originale del passo, grafica caratteristica e riprodotta poco fedelmente nelle varie edizioni.

b) Pedale di Beethoven.

a) Le manuscrit a ici une note autograph de Beethoven où il propose les deux «facilités» suivantes pour ceux qui trouvent trop difficile le trille:

(inexécutable). Si même la technique moderne ôte toute raison d'être à de pareils expédients, il est intéressant de savoir que dans la même «note» l'auteur dit que «le trille n'a pas besoin d'être rapide». Quant à la figuration rythmique du trille, je répète qu'aucun des systèmes proposés par les uns ou les autres pour le mesurer ne me semble recommandable. Il faut surtout se préoccuper de deux choses: de jouer avec douceur la mélodie, et de «triller» assez rapidement, mais sans dureté. Pour ce qui concerne la note d'attaque des différents trilles, je crois qu'il faut commencer par la note

supérieure celui du sol: ; que les suivants, c. à d. ceux des:

, doivent être commencés au contraire par la note principale, et qu'enfin les deux derniers: et , doivent être attaqués de nouveau par la note ornementale, comme ils sont d'ailleurs notés.

Tout ceci est déduit d'une étude des plus soignées de la disposition graphique originale du passage, disposition caractéristique et reproduite peu fidèlement dans les diverses éditions.

b) Pédale de Beethoven.

a) The manuscript has here an autograph note of Beethoven where he suggest the two following versions as easier for those who find the trill too difficult:

(impossible of execution). If such expedients have no «raison d'être» for modern technique, it is nevertheless interesting to know that in the same «note» the composer says that «the trill need not be taken too fast». As to the rhythmical form of the trill, I repeat that none of the systems proposed by one or the other for measuring the trill, seems to me to be recommandable. Above all, it is necessary to be careful of two things: to play the melody softly, and to «trill» sufficiently rapidly without making it hard. As to the note of attack of the different trills, I think that one should begin with

upper note that of G ; that the following i.e. those of

, should begin on the contrary, with the principle note; and that lastly, the two last: ;

should again begin with the ornamental note as they are noted elsewhere. All that is here written has been deduced from the most careful study of the original writing of the passage, which is characteristic and has not been faithfully reproduced in the various editions.

b) Beethoven's pedalling.

The musical score consists of five staves of piano music. The first three staves are in common time (indicated by '4'), while the last two are in 3/4 time (indicated by '3/4'). The music includes dynamic markings such as *pp*, *tr*, *pp sempre dolcissimo*, *pp*, *accel.*, *cresc. molto*, and *tr*. Fingerings are indicated by numbers above the notes. The score also features wavy lines and horizontal brackets under groups of notes, likely indicating performance techniques like grace notes or specific attack patterns.
