PRÉFACE

pour les œuvres de Piano de Mozart

Les avis sont souvent partagés quant à la façon d'interpréter les notes d'agrément, appoggiatures et autres, dans la musique ancienne; une certaine obscurité plane sur cette question. Pour ce qui est de la musique de Mozart, on trouve un grand secours dans la méthode de Violon de Mozart père, source de renseignements dont la valeur ne saurait être contestée.

De nos jours, on respecte scrupuleusement la note écrite; il n'en était pas de même au temps passé. Les exécutants prenaient de grandes libertés avec le texte; les *valeurs* étaient souvent altérées, les *broderies* généralement admises; ce qui explique l'habitude constante des reprises, si fastidieuses aujourd'hui dans les Adagios, alors qu'autrefois elles étaient un élément de variété, les interprètes donnant carrière à leur fantaisie, aux caprices de leur imagination.

D'après les indications de Mozart père, l'appoggiature doit prendre la moitié de la valeur de la note qu'elle précède.

Mais elle excède cette valeur quand elle précède une note pointée:

D'après ces principes, le passage du Concerto pour piano en Ré mineur de Mozart:

Dans l'Adagio de la Sonate en Fa (N° 12) on trouve à la troisième mesure:

L'appoggiature peut même se prolonger davantage:

Elle peut même se prolonger jusqu'à rejeter la note principale au silence suivant:

Dans la Sonate en Ré (N° 9) au début du premier morceau, on lit:

que l'on traduira ainsi:

On voit aussi l'appoggiature étendre son influence sur des notes ultérieures et en altérer le rythme et même la physionomie:

Cette figure  peut s'exécuter non seulement ainsi:  mais encore ainsi: 

et cette figure  en outre des interprétations qui dérivent des exemples précédents: 

peut encore revêtir cette forme  "pour l'exprimer avec plus de goût et plus de feu", dit le texte.

Dans les pièces lentes, "pour rendre l'exécution plus gaie et plus brillante", l'appoggiature admet des interprétations plus fantaisistes encore:

Enfin, comme on peut le voir dans ce dernier exemple, l'appoggiature peut avoir un effet rétroactif; cet effet se fait sentir surtout quand une note la précède par degré disjoint, soit en montant soit en descendant. On faisait alors un "port de voix" entre la note précédente et l'appoggiature:

Nous donnons ces derniers exemples à titre de curiosité, sans engager aucunement les exécutants contemporains à entrer dans cette voie semée d'écueils.

La règle fondamentale de l'appoggiature (1^{er} exemple) souffre quelques exceptions, notamment dans les séries de notes ascendantes ou descendantes, c'est ainsi que le passage du 16^{ème} Air varié (5^e Variation)

et dans la Sonate en Ré N° 6 comme ceci:

Dans la Sonate en Ut majeur N° 10 on trouve ce passage: et trois mesures plus loin:

il semble bien d'après cela que l'appoggiature ne doit pas être exécutée d'après la règle, ce qui rendrait identiques les deux formes et et que la petite note doit être brève.

On est étonné, dans la Sonate en La mineur N° 8 de voir le thème, si énergique, présenté de cette manière:

D'après la règle, l'interprétation doit être: si cette interprétation ne fait aucun doute pour l'appoggiature du Sol dièze, il n'en est pas de même pour celle du Mi, auquel elle semble ôter sa force. On remarquera qu'il n'y a pas d'appoggiature au Mi de la troisième mesure; il n'y en a pas non plus lorsque le thème reparait mais on la retrouve quand le thème reparait à la main droite, soit en La mineur, soit en Ut majeur. on aimerait à l'exécuter ainsi: ce qui donnerait plus de force à la note principale, tandis que l'interprétation: l'affaiblit, mais d'un autre côté, lorsque le thème est ramené ainsi: et de cette façon: la note brève paraît

disgracieuse et la note longue préférable.

A propos de la question des appoggiatures et de la façon de les exécuter, on est porté à se demander la raison de cette mode, générale dans l'ancien temps, d'écrire la musique autrement qu'elle doit être exécutée. Les raisons qu'en donne Mozart père dénotent des habitudes d'exécution si différentes des nôtres qu'elles seraient difficilement comprises. Ce qui paraît certain, c'est que l'expression *appoggiature*, dérivant du verbe italien *appoggiare* (appuyer), est l'indication d'un accent. La note écrite en petit caractère se trouve donc avoir pour l'oreille une plus grande importance que les autres, ce qui constitue, si l'on peut dire, un paradoxe graphique.

Lorsque la petite note procède par degré disjoint elle doit être brève.

Pour le *Gruppetto*, il n'y a point d'obscurité. D'instinct, tout le monde traduit la figure par et quand le mouvement est rapide par:

Quand le gruppetto il doit commencer par la note supérieure. (16^e Air Varié, Variation V)

Variation VIII

(Sonate en La mineur, N° 8, Andante cantabile)

La même règle s'applique au *Trille*, qui doit toujours, sauf quelques exceptions faciles à reconnaître, commencer par la note supérieure: 

Cette règle n'est plus observée dans la musique actuelle. Elle l'était encore par Chopin, et quand il voulait que le trille commençât par la note principale il l'indiquait par une petite note, qu'il faut bien se garder de prendre pour un redoublement. C'est ainsi que dans le 17^e Nocturne, le passage  etc. doit être rendu de cette façon: 

Le nom de Chopin éveille l'idée du *Tempo rubato*. Il ne l'a pourtant pas inventé: Mozart en usait beaucoup dans son exécution, comme on peut le voir par ses lettres; il donne même à ce sujet la meilleure leçon. L'accompagnement, dit-il, doit garder une mesure imperturbable, alors qu'une grande liberté est laissée au chant. Ce n'est donc pas, comme on l'entend trop souvent, une dislocation de la mesure, véritable caricature du *Tempo rubato* qui n'est pas à la portée de tout le monde, exigeant une parfaite indépendance des deux mains.

On a l'habitude, dans les éditions modernes, de prodiguer les *liaisons*, d'indiquer à chaque instant *legato*, *molto legato*, *sempre legato*. Rien de pareil n'existe dans les manuscrits et dans les éditions anciennes de la musique de Mozart; tout porte à croire, au contraire, que cette musique doit être exécutée légèrement, que les traits doivent produire un effet analogue à celui qu'on obtient sur le Violon en donnant un coup d'archet à chaque note, sans quitter la corde; lorsque Mozart désirait le *legato*, il l'indiquait. Au milieu du siècle dernier, on voyait encore des personnes âgées dont le jeu, sur le piano, était singulièrement sautillant. L'ancien *non legato*, en s'exagérant, était devenu un *staccato*, et cette exagération amena une réaction en sens contraire que l'on a poussée trop loin. C'est l'inverse de ce qui s'est passé pour le Violon, où pour échapper à la lourdeur de l'archet toujours à la corde usité anciennement on a basé l'exécution sur le *détaché*; la musique ancienne exécutée d'après cette méthode en est complètement dénaturée.

Les pièces de Mozart datant de sa première jeunesse sont dépourvues de nuances; quelquefois un *piano* ou un *forte*, et c'est tout. La raison de cette abstention est que ces pièces furent écrites pour le Clavecin, dont la sonorité ne pouvait être modifiée par la pression du doigt. Les Clavecins à deux claviers pouvaient faire alterner le *Forte* et le *Piano*, mais les nuances proprement dites leur étaient inconnues.

Au dix-huitième siècle, on vivait plus tranquillement qu'aujourd'hui, et l'on n'avait pas, en musique, nos habitudes modernes de rapidité que l'on inflige souvent aux œuvres anciennes, à leur grand détriment; il faut éviter, chez Mozart, cette tendance à presser les mouvements, malheureusement trop répandue. Son *Presto* répond à notre *Allegro*, son *Allegro* à notre *Allegro moderato*. Ses Adagios sont d'une extrême lenteur, comme l'indique la multiplicité des notes renfermées parfois dans un seul temps de la mesure. L'Andante n'est pas très lent.

Il était de règle, en ce temps-là, de ne mettre le pouce sur les touches noires que dans le cas d'absolue nécessité. Cette méthode de doigté donne à la main une grande tranquillité, précieuse pour l'exécution de la musique ancienne qui demande dans les traits une égalité parfaite.

Les premiers pianos étaient loin d'avoir la sonorité puissante des grands instruments modernes. En conséquence il ne faut pas toujours prendre les *forte* de Mozart au pied de la lettre; ils sont souvent l'équivalent de notre *mezzo-forte*.

On ne trouvera pas, dans la présente édition, certaines pièces attribuées pendant longtemps à Mozart et reconnues apocryphes.

C. SAINT-SAËNS

PREFACE

to Mozart's works for the Piano

Opinions are often at variance as to the method of rendering the grace-notes, the appoggiatura and other embellishments in old music: and very little light has been thrown on the subject. However for Mozart's music great help is found in the treatise for the Violin by the elder Mozart, and this source of information is of incontestable value.

Nowadays the note is scrupulously played as written, but it was not so in the past. Performers allowed themselves much license with the original text; the value of the principal notes was often altered, and embellishments allowed, which explains the constant habit of repeating passages now so tedious in the Adagios. In olden days it was a source of diversion and allowed the exponent to give rein to his fancy and imagination.

According to the elder Mozart, the appoggiatura takes half the time-value of the note it precedes.

But it is longer when it precedes a dotted note.

Accordingly the passage in Mozart's Concerto for the piano in D minor.

In the third bar of the Adagio of the Sonata in F (Nº 12) one finds:

The appoggiatura can be of even longer duration:

It can even be so lengthened that the principal note takes some of the time-value of the rest which follows:

In the Sonata in D (Nº 9) at the beginning of the first passage it is written.

and should be played thus:

The appoggiatura sometimes influences the notes which precede it, thereby altering the rhythm and even the character:

This  can be played not only thus:  but also thus: 

and this  besides the rendering of the preceeding examples: 

can be played thus  "to give more taste and animation" according to the text.

In slow passages the appoggiatura is allowed even more freedom, "so that the rendering may be gayer and more brilliant:"

In short, as shown in the preceeding example, the appoggiatura can have a retroactive effect: this effect is especially felt when the appoggiatura is not a direct passing from the auxiliary note to the principal one, either in ascending or descending. This produces a "gliding" effect between the appoggiatura and the preceeding note.

We have given these last examples out of curiosity, without in any way suggesting that contemporary players shall embark on this road full of difficulties.

The fundamental rule of the *appoggiatura* (1st example) is subject to a few exceptions, particularly in a succession of ascending and descending notes, and the passage in the 16th Varied Airs (5th Variation).

and in the Sonata in D N^o 6  thus: 

In the Sonata in C major N^o 10 this passage occurs:  and three bars later: 

consequently it follows that the *appoggiatura* cannot be rendered according to the rule which would make the two forms alike  and the small note must be short.

In the Sonata in A minor (N^o 8) one is surprised to find the very vivacious theme written in this way. 

According to the rule it should be played thus:  however if this rendering is unquestionable for the *appoggiatura* of G #, the same cannot be said for the E, which it seems to deprive of emphasis. One notices that there is no *appoggiatura* on the E in the third bar, nor later when the theme reappears in the bass:  but it is found when the theme is repeated in the right hand, both in A minor and C major. One would prefer it rendered thus:  as it would give more emphasis to the principal note, whereas if played:  it is weakened, still on the other hand, when the theme is revived again thus:  and thus:  the short note seems awkward and the long note preferable.

With regard to the *appoggiatura* and the rendering of it, one wonders at this fashion, so general in olden days, of writing music differently to the way it was meant to be rendered. The rules laid down by the elder Mozart show such a difference of rendering from ours, that they are difficult for us to understand. One thing seems certain, that the word "*appoggiatura*", derived from the Italian verb "*appoggiare*" (to lean upon) indicates emphasis. The note written in small type seems to have more importance for the ear than the others, which continues, if one may so express it, a graphic paradox.

When the small note precedes the principal in this way  it must be short.

For the Gruppetto there is not so much difficulty. Instinctively one renders the following.  by  and when the movement is quick by 

When the Gruppetto is placed above the note  the turn begins on the higher note (16th Varied Air, Variation V)  

Variation VIII  

(Sonata in A minor, N^o 8, Andante cantabile)  

The same rule applies to the Shake, which should always, except in the case of a few exceptions, easy to recognise,

begin on the higher note: 

This rule is no longer observed in modern music. It still was by Chopin and when he intended the shake to begin on the principal note, he indicated it by a small note, which one must avoid playing twice. Thus in the 17th Nocturne the passage.  etc.

should be played thus: 

The name of Chopin is associated with the "Tempo rubato". However it was not he who invented it: Mozart used it a great deal, as his letters prove, in fact he gives us the best lesson on this subject. "The accompaniment", he tells us, should be played evenly and calmly whereas the melody is allowed greater freedom. This is not, as is often supposed, a dislocation of time, which is a caricature of the "Tempo rubato". It needs a perfect independence of the two hands and is not within the ability of everyone.

In modern editions one is apt to be too lavish with slurs, and to mark "legato", "molto legato", "sempre legato" much too frequently. These are not found in the manuscripts and old editions of Mozart's music: on the contrary, everything proves that his music should be played lightly, that groups of notes should produce the same effect as is obtained on the Violin when playing in a detached way without taking the bow off the string: when Mozart intended a passage played legato he indicated it accordingly. In the middle of the last century one still met people who played the piano in a very jerky way. The old "non legato" when exaggerated became "staccato", and this exaggeration lead to the opposite effect being produced. Just the contrary happened on the Violin, as, to counteract the heavy effect produced by letting the bow always rest on the strings, as it used to be, the passage was played in a detached way: old music rendered in this fashion is entirely misrepresented.

The early works of Mozart are devoid of marks of expression; an occasional "piano" or "forte", but nothing more. The reason is that these works were written for the Clavecin, on which the expression could not be modified by the pressure of the fingers. It was possible on the Clavecins with two keyboards to play either "Forte" or "Piano", but in the general sense, degrees of tone were unknown.

Life was more tranquil in the 18th century than it is to-day, and this had its influence on the music of the period: the rapidity of modern life was unknown, and this tendency often reveals itself in the too rapid rendering of the old masters, much to their detriment: with Mozart, the inclination to hurry, which is much too common, must be avoided. His "Presto" corresponds with our "Allegro", his "Allegro" with our "Allegro moderato". His Adagios are extremely slow as is proved by the number of notes sometimes written for one beat of the bar.

It was the rule in those days not to use the thumb for the black notes, except when quite unavoidable. This method of fingering ensures steadiness of the hand, so essential in the rendering of old music, which was intended to be played smoothly and evenly.

The first pianos had not the amount of tone that can be produced on the large modern instruments. Consequently the "forte" as marked by Mozart, must not be interpreted literally: it is often the equivalent to our "mezzo-forte".

Certain works of doubtful origin but, for a long time attributed to Mozart, will not be found in this edition.

SONATE

N° 2

(Composée vraisemblablement en 1774)

Allegro assai

PIANO

The musical score is written for piano and consists of six systems of two staves each. The tempo is marked 'Allegro assai'. The key signature has one flat (B-flat major). The time signature is 3/4. The score includes various musical notations such as notes, rests, accidentals, and fingerings. The dynamics range from piano (p) to forte (f). The first system begins with a forte (f) dynamic. The second system features a piano (p) dynamic in the right hand and a forte (f) dynamic in the left hand. The third system has a forte (f) dynamic in the right hand and a piano (p) dynamic in the left hand. The fourth system has a piano (p) dynamic in the right hand and a forte (f) dynamic in the left hand. The fifth system has a piano (p) dynamic in the right hand and a forte (f) dynamic in the left hand. The sixth system has a piano (p) dynamic in the right hand and a forte (f) dynamic in the left hand. The score includes various musical notations such as notes, rests, accidentals, and fingerings.

This page contains six systems of musical notation for a piano piece. The notation is written for a grand piano, with a treble and bass staff for each system. The key signature is one flat (B-flat), and the time signature is 4/4. The piece features a variety of musical elements, including eighth and sixteenth notes, rests, and dynamic markings such as *p* (piano), *f* (forte), and *cresc.* (crescendo). Fingerings are indicated by numbers 1 through 5. The first system begins with a treble staff containing eighth-note patterns and a bass staff with a similar pattern. The second system introduces a *f* dynamic in the treble and a *p* dynamic in the bass. The third system continues with *f* dynamics in both staves. The fourth system features a *p* dynamic in the treble and a *f* dynamic in the bass. The fifth system begins with a *p* dynamic in the treble and a *f* dynamic in the bass. The sixth system concludes with a *cresc.* marking in the treble and a *f* dynamic in the bass. The piece ends with a double bar line and repeat dots.

This page contains six systems of musical notation for piano, arranged in two columns of three systems each. The notation includes various musical elements such as notes, rests, dynamics, and fingerings.

System 1: The first system begins with a piano (*p*) dynamic. The right hand features a series of chords and a melodic line with a 5 8 fingering. The left hand has a bass line with a 3 8 fingering. The system concludes with a forte (*f*) dynamic and a 5 4 fingering.

System 2: The second system continues the melodic and harmonic development. It includes a piano (*p*) dynamic and a forte (*f*) dynamic. Fingerings such as 5 2, 2 4, 1 8, and 1 2 are indicated.

System 3: The third system features a series of eighth-note patterns in the right hand, with a piano (*p*) dynamic. The left hand provides a harmonic accompaniment.

System 4: The fourth system includes a forte (*f*) dynamic and a piano (*p*) dynamic. It features a series of eighth-note patterns in the right hand and a bass line in the left hand.

System 5: The fifth system continues the melodic and harmonic development. It includes a piano (*p*) dynamic and a forte (*f*) dynamic. Fingerings such as 1 5, 4, 3, 3, 4, 3, 4, 3, 1 2, and 1 2 are indicated.

System 6: The sixth system features a series of eighth-note patterns in the right hand, with a piano (*p*) dynamic. The left hand provides a harmonic accompaniment.

This page of piano sheet music, numbered 16, contains six systems of music. Each system is composed of a treble and a bass staff. The key signature has one flat (B-flat). The music features a variety of techniques, including trills, slurs, and complex rhythmic patterns. Fingerings are indicated by numbers 1 through 5. Dynamic markings include *p* (piano), *f* (forte), and *m.g.* (mezzo-gusto). The systems are as follows:

- System 1:** Treble staff has a trill on G4, followed by a series of eighth notes. Bass staff has a continuous eighth-note accompaniment. Dynamics: *p*, *f*, *p*.
- System 2:** Treble staff has a continuous eighth-note melody. Bass staff has a simple harmonic accompaniment. Dynamics: *f*.
- System 3:** Treble staff has a trill on G4, followed by a series of eighth notes. Bass staff has a simple harmonic accompaniment. Dynamics: *m.g.*.
- System 4:** Treble staff has a trill on G4, followed by a series of eighth notes. Bass staff has a simple harmonic accompaniment. Dynamics: *p*, *f*.
- System 5:** Treble staff has a trill on G4, followed by a series of eighth notes. Bass staff has a simple harmonic accompaniment. Dynamics: *p*, *f*.
- System 6:** Treble staff has a trill on G4, followed by a series of eighth notes. Bass staff has a simple harmonic accompaniment. Dynamics: *f*.

Adagio

The musical score is written for piano and consists of six systems of two staves each (treble and bass clef). The tempo is marked **Adagio**. The key signature is three flats (B-flat, E-flat, A-flat). The dynamics are indicated by **f** (forte) and **p** (piano). Fingerings are indicated by numbers 1-5 above or below notes. The notation includes various musical symbols such as notes, rests, and slurs.

System 1: Treble staff starts with a half note G4 (fingering 5), followed by a quarter note A4 (fingering 3), and a half note B4 (fingering 1). Bass staff has a half note G3 (fingering 8) and a half note F3 (fingering 8). Dynamics: **f** in treble, **p** in bass.

System 2: Treble staff has a half note G4 (fingering 5), a quarter note A4 (fingering 3), and a half note B4 (fingering 1). Bass staff has a half note G3 (fingering 8) and a half note F3 (fingering 8). Dynamics: **f** in treble, **p** in bass.

System 3: Treble staff has a half note G4 (fingering 5), a quarter note A4 (fingering 3), and a half note B4 (fingering 1). Bass staff has a half note G3 (fingering 8) and a half note F3 (fingering 8). Dynamics: **f** in treble, **p** in bass.

System 4: Treble staff has a half note G4 (fingering 5), a quarter note A4 (fingering 3), and a half note B4 (fingering 1). Bass staff has a half note G3 (fingering 8) and a half note F3 (fingering 8). Dynamics: **f** in treble, **p** in bass.

System 5: Treble staff has a half note G4 (fingering 5), a quarter note A4 (fingering 3), and a half note B4 (fingering 1). Bass staff has a half note G3 (fingering 8) and a half note F3 (fingering 8). Dynamics: **f** in treble, **p** in bass.

System 6: Treble staff has a half note G4 (fingering 5), a quarter note A4 (fingering 3), and a half note B4 (fingering 1). Bass staff has a half note G3 (fingering 8) and a half note F3 (fingering 8). Dynamics: **f** in treble, **p** in bass.

This page of musical notation is for a piano piece, identified by the number D. & F. 9321 at the bottom. It consists of six systems of staves, each with a treble and bass clef. The music is written in a key signature of two flats (B-flat and E-flat) and a 2/4 time signature. The notation includes various musical elements such as notes, rests, and dynamic markings. The dynamics are marked as *p* (piano) and *f* (forte). The piece features several technical challenges, including trills, triplets, and complex fingerings indicated by numbers 1 through 5. The first system begins with a *p* dynamic and features a trill in the right hand. The second system starts with a *f* dynamic and includes a trill in the right hand. The third system begins with a *p* dynamic and features a trill in the right hand. The fourth system starts with a *f* dynamic and includes a trill in the right hand. The fifth system begins with a *p* dynamic and features a trill in the right hand. The sixth system starts with a *f* dynamic and includes a trill in the right hand. The piece concludes with a final chord in the right hand.

First system of musical notation. The treble staff contains a series of chords and single notes with fingerings 1 2 3, 2, 4 3, 5, 4 2, 4 3, 5 2, 4, 5 2, 3, 5. The bass staff contains a series of chords and single notes with fingerings 1, 1 3, 2 1, 3. Dynamics include *f*, *p*, *f*, *p*, *f*, *p*.

Presto

Second system of musical notation, marked **Presto**. The treble staff contains a series of chords and single notes with fingerings 5, 1 2 2, 1 5, 2 4, 1, 3, 1. The bass staff contains a series of chords and single notes with fingerings 1 8, 3. Dynamics include *f*, *p*, *f*.

Third system of musical notation. The treble staff contains a series of chords and single notes with fingerings 3, 2 1 5, 1 2, 1 5, 2, 1, 1 2. The bass staff contains a series of chords and single notes with fingerings 5 3, 3. Dynamics include *p*, *f*.

Fourth system of musical notation. The treble staff contains a series of chords and single notes with fingerings 1, 5 2 4 1, 5, 5 1 4 1 3 1, 5 4 1, 4, 5. The bass staff contains a series of chords and single notes with fingerings 1 4 4 4, 3, 5 1 2. Dynamics include *p*.

Fifth system of musical notation. The treble staff contains a series of chords and single notes with fingerings 5 8, 3 1, 3 1 2 1, 4 2, 1, 1. The bass staff contains a series of chords and single notes with fingerings 2 2 2, 3 3 3, 4 4 5, 2, 2. Dynamics include *f*.

Sixth system of musical notation. The treble staff contains a series of chords and single notes with fingerings 1 3 4 1, 3 3 5 4, 5 2, 5, 2. The bass staff contains a series of chords and single notes with fingerings 4, 3, 3, 3, 3. Dynamics include *p*, *f*, *p*, *f*.

First system of musical notation. Treble and bass staves. Treble staff has notes with fingerings 5, 2, 3, 2, 2, 2, 2, 2, 2. Bass staff has notes with fingerings 3, 8, 8, 4. Dynamics: *p*, *f*, *p*.

Second system of musical notation. Treble and bass staves. Treble staff has notes with fingerings 4, 4, 2, 4, 3, 2. Bass staff has notes with fingerings 5, 5, 1, 8, 1, 3. Dynamics: *fp*, *fp*, *f*, *p*, *f*, *p*.

Third system of musical notation. Treble and bass staves. Treble staff has notes with fingerings 2, 3, 2, 2, 4, 4, 5, 4. Bass staff has notes with fingerings 3, 3, 2, 8. Dynamics: *p*, *fp*.

Fourth system of musical notation. Treble and bass staves. Treble staff has notes with fingerings 4, 5, 2, 3, 4, 1, 3, 4, 1, 2, 3, 2, 3, 4, 1, 2, 3. Bass staff has notes with fingerings 1, 8, 1, 8, 3, 1. Dynamics: *fp*, *f*, *p*, *f*, *p*, *f*.

Fifth system of musical notation. Treble and bass staves. Treble staff has notes with fingerings 2, 1, 2, 3, 2, 1, 3, 1, 5, 5. Bass staff has notes with fingerings 1, 3, 1, 3, 3, 1, 1, 8, 1, 8. Dynamics: *f*, *p*, *f*, *p*, *f*, *p*.

Sixth system of musical notation. Treble and bass staves. Treble staff has notes with fingerings 2, 4, 2, 4. Bass staff has notes with fingerings 1, 2, 1. Dynamics: *f*.

This page contains seven systems of musical notation for piano. Each system consists of a treble staff and a bass staff. The music is written in a key signature of one flat (B-flat). The notation includes various dynamics such as *p* (piano) and *f* (forte), as well as articulations like accents and slurs. Fingerings are indicated by numbers 1 through 5 above or below the notes. The systems are as follows:

- System 1:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
- System 2:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
- System 3:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
- System 4:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
- System 5:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
- System 6:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
- System 7:** Treble staff starts with a *p* dynamic and a triplet of eighth notes (2, 3, 2). Bass staff has a *f* dynamic and a triplet of eighth notes (5, 3, 1). Fingerings include 2, 3, 2, 2, 1, 5, 3, 4, 1, 4, 3.
