

## E. PAUER'S Binthday Book of Musicians and Composers.

Cloth, Gilt Edges, 3s. Leather, Gilt Edges, 4s.

THIS elegant little book contains upwards of 500 dates and places of the births and deaths of the most celebrated, influential and popular Composers, Singers, Instrumentalists, Musical Historians, Archæologists, Authors, and Critics, with a short account of their lives and reference to their chief works. In the place of poetical extracts, used in the well-known Shakespeare, Tennyson, Longfellow, or Scriptural Birthday Books, more than 450 brief but highly interesting paragraphs are given, so that every day of the year may be musically associated with an unusual amount of information in a compact and agreeable form. These 450 paragraphs have been carefully selected from the biographies, letters, and essays of the most celebrated ancient and modern Musicians and Authors of England, France, Germany, and Italy, and illustrate every phase and feature of Musical Art. This little book is at once a useful and practical book of reference and a highly valuable book of information. A carefully prepared table of contents facilitates the finding of the respective dates, while its elegant appearance and convenient size especially recommend it as a useful, attractive, and acceptable gift.
